

## Proposed Regulation Agency Background Document

<b>Agency name</b>	Department of Criminal Justice Services
<b>Virginia Administrative Code (VAC) citation</b>	6 VAC 20-171
<b>Regulation title</b>	Regulations Relating to Private Security Services
<b>Action title</b>	Comprehensive Revision – Regulations Relating to Private Security Services
<b>Date this document prepared</b>	August 7, 2009 – Amended November 2, 2009

This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Orders 36 (2006) and 58 (1999), and the *Virginia Register Form, Style, and Procedure Manual*.

### Brief summary

*In a short paragraph, please summarize all substantive provisions of new regulations or changes to existing regulations that are being proposed in this regulatory action.*

The proposed regulation establishes a licensure, registration and certification process for locksmiths, detector canine handlers and detector canine handler examiners in accordance with legislative amendments to the Code of Virginia §9.1-138 et seq. The regulation establishes a regulatory fee structure, compulsory minimum entry-level training standards including firearms training and qualifications, standards of conduct and administration of the regulatory system. These regulations will replace emergency regulations in effect for the locksmith industry.

The proposed regulations also are the result of a comprehensive review of the entire regulatory program for private security services in which amendments and new language effect the fee structure, training sessions, firearms training enhancement, administrative requirements and standards of conduct as well as minor changes for purposes of clear and concise language.

### Acronyms and Definitions

*Please define all acronyms used in the Agency Background Document. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.*

No additional acronyms or definitions required

## Legal basis

*Please identify the state and/or federal legal authority to promulgate this proposed regulation, including (1) the most relevant law and/or regulation, including Code of Virginia citation and General Assembly chapter number(s), if applicable, and (2) promulgating entity, i.e., the agency, board or person. Describe the legal authority and the extent to which the authority is mandatory or discretionary.*

The legal authority to review, amend or revise regulations relating to private security services is found in 9.1-141 of the Code of Virginia. Additionally, this review is in accordance with Executive Order 36 (2006). The Department has the statutory authority to adopt regulations pursuant to the Code of Virginia §2.2-4011 (B).

## Purpose

*Please explain the need for the new or amended regulation by (1) detailing the specific reasons why this regulatory action is essential to protect the health, safety, or welfare of citizens, and (2) discussing the goals of the proposal, the environmental benefits, and the problems the proposal is intended to solve.*

The purpose of this regulatory action is a comprehensive review and amendment of existing regulations. This review and recommended amendments is based on legislative actions that require development of regulations for locksmiths as well as further development of regulations relating to detective canine handlers. In addition to recent legislative actions, a comprehensive review will amend and revise the rules mandating and prescribing standards, requirements and procedures that serve to protect the citizens of the Commonwealth from unqualified, unscrupulous and incompetent persons engaging in the activities of private security services.

## Substance

*Please briefly identify and explain new substantive provisions (for new regulations), substantive changes to existing sections or both where appropriate. (More detail about all provisions or changes is requested in the "Detail of changes" section.)*

While all areas of the regulations will be subject to this comprehensive review, the substance of this review will be to include a permanent regulatory scheme for locksmiths and detector canine handlers, examiners and teams operating within the Commonwealth. This review will focus on reevaluating the existing licensure, registration, certification and training requirements, procedures, fees, administrative requirements and standards of conduct.

### **6 VAC 20-171-10 – Definitions:**

Definitions have been inserted or amended in regard to the regulatory program established for locksmiths and detector canine handlers and examiners in accordance with the Code of Virginia §9.1-138 et seq. Other amendments to the definitions are based on terminology related to firearms training, and variances in methods of conducting training.

**6 VAC 20-171-20 – Fees**

The amendments to the fee structure include an option for businesses to obtain a one year or two year initial license, an increase in the firearms endorsement fee, an additional category fee for training schools and instructors and a separation of certification applications fees and required regulatory compliance training fees. The electronic roster submittal fee has been deleted and instructor training development fees have been removed from the regulation. There is also a new manual processing service fee for applications not submitted by available electronic methods. Other amendments involve a restructuring of the fee schedule for clarity.

**6 VAC 20-171-30 – Fingerprint processing**

Amendments are included to reflect the current criminal history records search process utilized by the Department.

**6 VAC 20-171-50 – Initial business license application**

The amendments incorporate the new categories of locksmith and detector canine business as well as clarify what constitutes a legal entity change thus requiring a new license.

**6 VAC 20-171-70 – Compliance Agent**

This section has been amended to clarify the application process and requirements for a compliance agent. Two new sections have been inserted – **6 VAC 20-171-71 – Compliance Agent Certification Renewal Requirements** and **6 VAC 20-171-72 – Compliance Agent Regulatory Compliance Training Requirements**. The amendments do not make any major changes to the requirements but provide clarity for the process and make the process inclusive in one article of the regulations compared to being spread throughout the document.

**6 VAC 20-171-80 to 6 VAC 20-171-90 - Training school certification**

The proposed regulations establish the categories of training in which schools will be required to submit a category of training fee depending on the number of training categories provided by the training school. Language is included to clarify what constitutes a legal entity change.

**6 VAC 20-171-100 to 6 VAC 20-171-111- Instructor Certification**

Amendments include a new category of training fee, range qualification requirements for firearms instructors, and new training requirements to include regulatory compliance training and continuing education. Inserting a new section 6 VAC-20-171-111 provides clarity and makes the process inclusive in one article of the regulations.

**6 VAC20-171-115 –to 6 VAC20-171-117 – Detector Canine Handler Examiner Certification**

The new sections establish the initial, renewal and training requirements for certification.

**6 VAC20-171-120 to 6 VAC20-171-130 – Private Security Services Registration**

The amendments include the new categories of registration for locksmiths and detector canine handlers and include the requirement of a photo submission by the applicant.

**6VAC20-171-135 – Firearms endorsements**

This is a new section to clarify the process of obtaining a firearms endorsement and makes the process inclusive within one article of the regulations. It also establishes a timeframe in which retraining must be taken.

**6 VAC 20-171-180 – Reinstatement**

Amendments to the reinstatement procedures have been inserted which allow a company to continue to operate during the reinstatement period and establishes continued authority by the Department.

**6VAC20-171-190 – Renewal extension**

Amendments include a broader description of emergency temporary assignments to include purposes of natural disaster, homeland security or document threat. Language has been inserted which allows the

department to waive the requirement of submittal prior to expiration with justification and establishes the timeframe that an exemption may be issued for.

#### **6 VAC20-171-200 – Denial, probation, suspension and revocation**

Includes an amendment in which the last known employing business or training school will be notified if an employee of the company is subject to disciplinary action by the department.

#### **6 VAC 171-220 to 6 VAC20-171-280 – Administrative Requirements and Standards of Conduct**

Amendments reflect new administrative requirements and standards of conduct for businesses, compliance agents, training schools, training school directors and instructors. These amendments include the removal of a provision that a business license or training school certification is null and void due to a lapse of insurance and inserts a clause that each day of uninsured activity would be construed as an individual violation. New provisions have been inserted for reporting requirements upon termination of a compliance agent or training school director. Administrative requirements to maintain a use of force policy, maintain records for employees carrying intermediate weapons, and records in regard to detector canine handler teams have been added for businesses.

Additional standards of conduct have been included to prohibit acting as an ostensible licensee for undisclosed persons, providing false or misleading information, refusing to cooperate with an investigation or for providing materially incorrect, misleading, incomplete or untrue information to the department.

A provision has been added requiring regulated individuals to report within 10 days having been arrested for a crime in any jurisdiction as well as establish standards of conduct pertaining to authorized access to the department's licensing database.

Additional reporting requirements have been added for training schools and school personnel regarding range qualification failures.

Other minor amendments are to ensure concise language for clarity and consistency.

#### **6VAC20-171-300 – Private security services training session**

Language has been deleted that required schools to submit sessions and rosters within a specific time period and a provision has been added that details the information a school will be required to capture on a training completion form.

#### **6 VAC20-171-305 – On-line service training programs**

This new section establishes the requirements for a school to offer on-line in-service training sessions.

#### **6VAC20-171-308 – Detector Canine Handler Examiners**

This new section establishes the administrative requirements and standards of conduct for detector canine handler examiners.

#### **6 VAC20-171-310 through 320 – Registered personnel administrative requirements and standards of conduct.**

Amendments include a provision for requiring registered personnel to report within 10 days having been arrested for a crime in any jurisdiction and the prohibition of having an arrest that the prima facie evidence would indicate the propensity for harming the public. The proposed regulations add a requirement that personnel who carry or have access to a patrol rifle while on duty must have written authorization from their employer and include additional standards of conduct to prohibit providing false or misleading information, refusing to cooperate with an investigation or providing materially incorrect, misleading, incomplete or untrue information to the department.

#### **6 VAC20-171-350 – Entry level training**

The training requirements have been changed to separate private security orientation training into its own block of training versus being incorporated in each entry-level mandated training session. The entry-level

training has been restructured to include specific courses and hours for clarity. In addition, the minimum course and hour requirements for locksmiths and detector canine handlers have been added. The compulsory minimum training standards for armed security officers has increased from 40 hours to 50 hours due to an increase in firearms training hours and the hours for shotgun entry-level training have increased from 2 to 4 hours.

The course content has been amended to reflect the block section for private security orientation, minor changes to the content for armed security officer classroom training, and the hour requirements for each individual section of a course has been removed. The proposed regulations reflect the course content for locksmiths and detector canine handler examiners and all training provisions for compliance agents has been deleted and added to section 6 VAC 20-171-70-172.

#### **6VAC20-171-360 – In-service training**

The amendments include in-service training requirements for locksmiths and detector canine handlers and combines the course content and minimum hour requirements within one section (Section B) thus eliminating the need for Section C.

#### **6VAC20-171-365 through 400 – Firearms training**

The entry-level firearms training compulsory minimum training standards have been amended. An enhanced firearms training for armed security officers/couriers and personal protection specialist has been inserted (6VAC20-171-375) and reflects an increase of 10 hours of training compared to the entry-level firearms training for all other armed registered categories. The entry-level handgun range qualification has been moved to a new section for clarity purposes (6VAC20-171-376) and a new course of fire has been inserted.

The advanced firearms training compulsory minimum training standards for personal protection specialists have been amended. The topics have been amended to address concealed carry laws and use of force. The hours are reduced due to the removal of duplicate training objectives already addressed in the basic firearms training requirements which is a prerequisite for the advanced handgun training.

The shotgun minimum training standards and course of fire have been amended which increases the classroom training by 2 hours.

A new section has been created to address entry level patrol rifle training (6 VAC20-171-395) and includes the classroom training and course of fire.

Amendments to firearms retraining increases the classroom hours to 4 hours for all armed registered personnel with the exception personal protection specialists who must complete advanced firearms retraining. This is a new requirement for the armed security officers.

#### **6VAC20-171-430-440 – Entry level security canine handler training.**

This section has been repealed and the provisions are now included in the entry-level and in-service training sections for registered personnel under 6 VAC 20-171-350 and 360.

#### **6 VAC20-171-500 – Disciplinary action; sanctions; publication of records.**

An additional sanction - the use of conditional agreements - has been added to the list of sanctions that the department may impose for a violation or noncompliance.

**Issues**

*Please identify the issues associated with the proposed regulatory action, including:*

- 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions;*
- 2) the primary advantages and disadvantages to the agency or the Commonwealth; and*
- 3) other pertinent matters of interest to the regulated community, government officials, and the public.*

*If the regulatory action poses no disadvantages to the public or the Commonwealth, please so indicate.*

---

The primary advantage of implementing the new provisions presented in the proposed regulations is to provide necessary public protection tasked through existing statutes. Advantages to the public and the Commonwealth are to secure the public safety and welfare against incompetent, unqualified, unscrupulous or unfit persons engaging in activities of private security services in the Commonwealth. The goal of these amended regulations is to ensure eligible individuals in the private security services industry receive compulsory minimum training, abide by established standards of conduct and ensure that individuals with certain criminal history records, or who are in violation of rules established for public safety, are prohibited from performing private security services.

The establishment of these regulations does not pose any disadvantages to the public or the Commonwealth.

**Requirements more restrictive than federal**

*Please identify and describe any requirement of the proposal, which are more restrictive than applicable federal requirements. Include a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.*

---

There are no applicable federal requirements.

**Localities particularly affected**

*Please identify any locality particularly affected by the proposed regulation. Locality particularly affected means any locality which bears any identified disproportionate material impact, which would not be experienced by other localities.*

---

There are no localities particularly affected by the proposed regulation.

**Public participation**

*Please include a statement that in addition to any other comments on the proposal, the agency is seeking comments on the costs and benefits of the proposal and the impacts of the regulated community.*

---

In addition to any other comments, the board/agency is seeking comments on the costs and benefits of the proposal and the potential impacts of this regulatory proposal. Also, the agency/board is seeking

information on impacts on small businesses as defined in § 2.2-4007.1 of the Code of Virginia. Information may include 1) projected reporting, recordkeeping and other administrative costs, 2) probable effect of the regulation on affected small businesses, and 3) description of less intrusive or costly alternative methods of achieving the purpose of the regulation.

Anyone wishing to submit written comments may do so via the Regulatory Townhall website, [www.townhall.virginia.gov](http://www.townhall.virginia.gov), or by mail, email or fax to Lisa McGee, Regulatory Manager, Department of Criminal Justice Services, Office of Regulatory Affairs, 1100 Bank Street, Richmond, Virginia 23219, [lisa.mcgee@dcjs.virginia.gov](mailto:lisa.mcgee@dcjs.virginia.gov) or via fax 804-786-6344. Written comments must include the name and address of the commenter. In order to be considered comments must be received by the last date of the public comment period.

A public hearing will be held and notice of the public hearing may appear on the Virginia Regulatory Town Hall website ([www.townhall.virginia.gov](http://www.townhall.virginia.gov)) and the Commonwealth Calendar. Both oral and written comments may be submitted at that time.

**Economic impact**

*Please identify the anticipated economic impact of the proposed new regulations or amendments to the existing regulation. When describing a particular economic impact, please specify which new requirement or change in requirement creates the anticipated economic impact.*

<p><b>Projected cost to the state to implement and enforce the proposed regulation, including (a) fund source, and (b) a delineation of one-time versus on-going expenditures.</b></p>	<p>As a special fund agency, the Department must generate sufficient revenue to cover its expenditures from non-general funds, specifically the initial, renewal and application fees it charges to regulants for necessary functions of regulation. On-going expenditures for the agency are related to compliance and enforcement as required under the law. These include conducting investigations and audits to ensure compliance of the Code and Regulations as well as the implementation and maintenance of a technical licensure database system.</p>
<p><b>Projected cost of the <i>new regulations or changes to existing regulations</i> on localities.</b></p>	<p>None</p>
<p><b>Description of the individuals, businesses or other entities likely to be affected by the <i>new regulations or changes to existing regulations</i>.</b></p>	<p>Private Security Services practitioners to include businesses, training schools and individuals providing the following services or training: Armed and Unarmed Security Officer/Courier, armored car personnel, security canine handler, detector canine handler, private investigator, personal protection specialist, alarm respondent, locksmith, central station dispatcher, electronic security employee, electronic security sales representative, electronic security technician and electronic security technician's assistant.</p>
<p><b>Agency's best estimate of the number of such entities that will be affected. Please include an estimate of the number of small businesses affected.</b> Small business means a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than</p>	<p>The amendments to the regulations will affect the following individuals/entities currently licensed/registered and/or certified. These numbers are approximate: 2000 private security services businesses 41,000 individual registrants with approximately</p>

<p>500 full-time employees or has gross annual sales of less than \$6 million.</p>	<p>9,750 of those armed. 2,416 compliance agents, 488 instructors and 128 private security services training schools.</p> <p>The department cannot provide specific documentation in regard to a verifiable number of small businesses. The department believes that over 75% of the businesses would fall within the definition of a small business based on observation of the licensing unit and interaction with businesses through the compliance and enforcement unit. The department does not track the employment or gross annual sales for licensed businesses.</p>
<p><b>All projected costs of the <i>new regulations or changes to existing regulations</i> for affected individuals, businesses, or other entities. Please be specific and do include all costs. Be sure to include the projected reporting, recordkeeping, and other administrative costs required for compliance by small businesses. Specify any costs related to the development of real estate for commercial or residential purposes that are a consequence of the proposed regulatory changes or new regulations.</b></p>	<p>There have been limited changes to the fee structure. The opportunity to apply for a one-year license versus a mandatory two-year license will assist in the start up costs for a new business.</p> <p>Individuals who carry or have access to a firearm while on duty will be affected by a \$20.00 increase in the firearm endorsement fee. In addition, there may be costs associated with an increase of 14 to 24 entry-level firearms training hours for armed security officers/couriers. The costs for training are established by certified private security services training schools and are not established by regulation.</p> <p>Training schools offering more than one category of training will be affected by a \$50.00 per additional category fee, There are a total Of 7 additional categories of training. The maximum increase for a two-year license would be \$350.00. These regulations also eliminate a fee for electronic roster submittal of \$500.00. Schools could see anywhere from a \$150.00 to \$500.00 reduction in fees depending on how many categories of training they provide.</p> <p>Instructors who provide more than one category of training will be affected by a \$10.00 per additional category fee. There are a total of 7 categories of training. The maximum increase for a two-year instructor certification would be \$70.00. Any certified individual required to complete regulatory compliance training will be affected by a \$25.00 increase in training fees. This training is required every two years.</p> <p>Individuals who do not utilize the department's web-based licensing system will incur a \$20.00 application-processing fee. The department in conjunction with certified training schools will provide access and assistance with regulants in order to ensure availability of the web-based</p>

	<p>system thus limiting the requirement to pay additional processing fees.</p> <p>Regulants should not incur any further fees/costs as long as they maintain compliance with the Code and Regulations.</p>
<p><b>Beneficial impact the regulation is designed to produce.</b></p>	<p>These regulations are designed to protect the citizens of the Commonwealth from unqualified, unscrupulous and incompetent persons engaging in the activities of private security services.</p>

**Alternatives**

*Please describe any viable alternatives to the proposal considered and the rationale used by the agency to select the least burdensome or intrusive alternative that meets the essential purpose of the action. Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in §2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulation.*

Emergency regulations in regard to the inclusion of locksmiths into the regulatory program went into effect July 1, 2008. Meetings were held prior to the emergency regulation to establish training standards and meetings have been held to establish the base requirements for the detector canine credentials and procedures. In addition, the Department participated in initial reviews with the industry to establish the areas within the regulations requiring amendments. The Department provided the industry with a draft version of the proposed regulations and conducted public meetings in the Central, Southwest, Northern and Tidewater region of the Commonwealth. Any alternatives identified during this comprehensive review that are less burdensome and intrusive that will achieve the essential regulatory purpose were considered. There are no further alternatives viable to the proposed regulations.

**Regulatory flexibility analysis**

*Please describe the agency’s analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.*

The Department believes that the majority of the businesses would fall within the definition of a small business based on observation of the licensing unit and interaction with businesses through the compliance and enforcement unit. The Department is moving towards a web-based application system which should provide less stringent reporting requirements. The proposed regulations also offer individuals the option to complete mandated in-service requirements via available online training programs. Other recommendations include removing the requirement that businesses maintain all

records at a physical location in the Commonwealth and allows for electronic submission of required documentation versus requiring the applicants to submit hardcopy documents. Any further less stringent compliance and reporting requirements will compromise public health, safety, environmental and economic welfare.

**Public comment**

*Please summarize all comments received during public comment period following the publication of the NOIRA, and provide the agency response.*

<p>Howard Simmons</p>	<p>* Recommends that the Department exempt out-of-state electronic employees from the criminal history records search. One idea is make them dispatchers who help with the monitoring duties.</p> <p><u><i>This would require legislative action.</i></u></p>

<p>Brad VanLaer</p>	<p>* Favors the licensing of Locksmiths.</p> <p>* Suggests that the Department consider the training/courses offered by the Associated Locksmiths of America (ALOA) certification called a CRL (Certified Registered Locksmith) as acceptable training in lieu of the current 18-hour course offered by a Certified Private Security Services Training School.</p> <p><u>If the training meets or exceeds the compulsory minimum training standards, this training would qualify for a partial training exemption.</u></p>
<p>Richard Crane</p>	<p>* Recommends that DCJS keep the fingerprint and background checks and issue a photo ID for all non-firearm companies that are regulated by DCJS.</p> <p><u>Criminal history information is destroyed according to retention policy. Photo identification registrations are issued to all registered personnel, armed or unarmed.</u></p> <p>* Opposes the training requirements for alarm companies.</p> <p><u>Training is required in order to ensure that individuals providing electronic security services have received minimum training in the services that they provide, in addition the training provides them with instruction to assist them with maintaining compliance with the governing statutory and regulatory requirements.</u></p>
<p>Chuck Tobin AT-RISK</p>	<p>* Recommends that 6 VAC 20-171-395 – Entry Level Carbine Training be added to the regulations.</p> <p>* Proposes the following information and suggests that the Department develop minimum qualification standards for long guns or carbines. During the events of September 11<sup>th</sup> and for periods afterwards, many security companies equipped themselves with carbines as opposed to shotguns to bypass regulatory requirements in respond to the instant needs of the situation. It is not unrealistic to believe that the industry may again be faced with a similar situation requiring security officers to carry long guns or carbines. As a result, a qualification program should be considered to ensure a minimum qualification has been met. Contrary to other submittals, we do not believe that the .223 caliber is the only functional caliber. Many law enforcement agencies have utilized pistol calibers with great success.</p> <p><u>The Department is recommending entry-level and in-service patrol rifle training and range qualification requirements.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Suggests that the Private Security Services regulations combine the categories “Unarmed” and “Alarm Respondent” because the training is the same.</p> <p><u>The categories of registration are defined by Code under 9.1-138. Any amendments would require legislative action.</u></p> <p>* Suggests the regulations indicate that applications are valid for 90 days.</p> <p><u>The Department inserted language under 6 VAC20-171-30 that fingerprint processing applications are valid for 120 day period.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Recommends that the regulations include a provision for “adding” a weapon once an individual has previously qualified with a different weapon.</p> <p>Example, go to Range on a scheduled Range Date for a school and qualify, school then issues a TC form for the new weapon indicating Range Only under 07R block on the TC form</p>

<p>Bill Scouten VIP Security School</p>	<p><u><i>This information is already captured on the Department issued training completion form.</i></u></p> <p>* Suggests that in-service training must it be completed within 24 months of initial training or within 24 months of expiration of card?</p> <p><u><i>The regulations currently specify that in-service training must be completed within the 24 months period of registration (6VAC20-171-360)</i></u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Recommends that the regulations be clearer about a new person’s 90-day window for initial training. Question: does the window start on “day of hire” or “date” DCJS/PSS receives and processes their application?</p> <p><u><i>The 90 day period begins upon the day of hire. Within 90 days of submitting the fingerprint processing application.</i></u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Suggests clearer explanation of the “Date of Hire”. Question: how does required to be regulated differ from regulated by the department?</p> <p><u><i>The Department feels the language is clear.</i></u></p>
<p>B.E. McCrory, Jr. PISA</p>	<p>* Recommends that the following verbiage be added in order to clarify and provide consistency: “Registration identification cards will be issued to every natural person registered by the Department indicating the category(s) of PSS personnel in which the individual is registered. If the Department will continue to issue “temporary registration letters” it will be referred to by that term”.</p> <p><u><i>The Department agrees and inserted the language “temporary registration letters.”</i></u></p>
<p>B.E. McCrory, Jr. PISA</p>	<p>* Recommends that the Department consider that “Certification identification cards” will be issued to every compliance agent and instructor certified by the Department indicating the category(s) in which the individual is certified. If the Department will continue to issue “temporary certification letters”, it will be referred to by that term.</p> <p><u><i>The Department inserted the language “temporary certification letters”. The Department issues certificates to certified individuals. Only registered personnel are required to show a photo ID. The costs associated with issuing photo ID to certified individuals (compliance agents, instructors) would result in an increase of fees.</i></u></p>
<p><b>6VAC20-171-10</b></p>	<p><b>Definitions</b></p>
<p>Martha Clancy</p>	<p>6 VAC 20-171-10. Definitions. These require legislation to be introduced in the 2009 General Assembly Session.</p> <p>“Armed” and all references to “access to a firearm in the performance of his duties” drop the word “immediate”. This standard was established as the intent of the Legislature when it amended the definition of Armed Security Officer.</p> <p>Business advertising material” add printed advertising material, and on websites.</p> <p>“Compliance agent” means a natural person designated by a principal of the licensed PSS business to assure the compliance of the business and each of its employees with all provisions of the Code of Virginia and this chapter. Also to be used in all other sections of these Regulations.</p> <p><u><i>Requires legislative action.</i></u></p>

<p>Chuck Tobin AT-RISK  PSSAB Training Committee</p>	<p>* Suggests that definition of "Personal protection specialist" means any natural person who engages in the duties of providing close protection to any person (s) including security drivers, bodyguards, executive protection agents or security specialists consulting on the personal security needs of any individual or group of individuals</p> <p>Comments: Complaints have been received from various members of the PPS registration category relative to clarifying what services were regulated. This was particularly noted by Mike Maris, a PPS agent who responded to our attempts to complete a PPS job task analysis in 2004. Much of the concern is directed at limousine companies that sell "security drivers" to clients with no formal training, screening or regulation on this category. Additionally, we have encountered many people conducting executive surveys/consulting for executive protection offering advise to their clients on executive protection within the Commonwealth, but are currently operating unregulated.</p> <p><u>Requires legislative action.</u></p>	
<p>Chuck Tobin AT-RISK</p>	<p>*Suggests the word "consulting" be added to the definition of "Private security services business" means any person engaged in the business of consulting, providing, or who undertakes to provide, armored car personnel, security officers, personal protection specialists, private investigators, couriers, security canine handlers, alarm respondents, central station dispatchers, electronic security employees, electronic security sales representatives or electronic security technicians and their assistants to another person under contract, express or implied.</p> <p>Comments: The absence of the term "consulting" leaves room for people to conduct and oversee security services operations without ever obtaining a registration.</p> <p><u>Requires legislative action.</u></p>	
<p>Chuck Tobin AT-RISK</p>	<p>*Suggests that the definition of "Private security services training school" means any person certified by the department to provide instruction in (add) private security subjects for the public and for the training of private security services business personnel in accordance with this chapter.</p> <p>Comments: Many organizations offer training to the public such as security and personal safety, workplace violence and the like but offer this training with no regulation or credentialing. As a result, there are few means in place for a client to validate the capability of an organization or to determine that they are legitimate. By requiring organizations to obtain their Training School certification, the industry will be better positioned to provide quality instruction to the general public and hopefully avoid the delivery of poor or incorrect instruction.</p> <p><u>Requires legislative action.</u></p>	
<p><b>6VAC20-171-20</b></p>	<p><b>Fees</b></p>	
<p>Virginia Burglar and Fire Alarm Association (VBFAA)  John K &amp; Susan DellaPenta, Certified Training Academy  Martha Clancy</p>	<p>Objects to any fee increases. With respect to 6 VAC 20-171-20 Fees, the Virginia Burglar and Fire Alarm Association will object to all price increases in an aggressive fashion.</p> <p>Objects to any fee increases</p> <p>Objects to any fee increases</p> <p><u>Pursuant to §9.1-142, the Department may levy fees that are sufficient to cover the expenses for administration and operation. The Department is recommending an option to apply for an initial one year license in order to reduce the initial fee requirements.</u> <u>There has been no increase to licensing or registration fees in this regulatory action.</u></p>	

<p>Martha Clancy</p>	<p>* Favors that the regulations keep the current “reinstatement period” in place. <u>The reinstatement procedure has been left in place.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Recommends that the regulations be corrected to state, “the reinstatement is \$10” instead of 50% of the cost of the application. <u>The reinstatement fee is 50% of the application fee. The only application with a \$10.00 reinstatement fee is a registration based on the \$20.00 application fee. A business license reinstatement fee is \$250.00 based on the \$500.00 application fee.</u></p> <p>* Recommends the a statement be added to reference training not completed on/before as well as application not received. <u>The commenter did not reference the specific regulation.</u></p>
<p><b>6VAC20-171-30</b></p>	<p><b>Fingerprint processing</b></p>
<p>Travis Palmer Delta Investigations</p>	<p>Change to Each person applying for licensure as a private security services business, including principals, supervisors or certification as a private security services training school or certification as a compliance agent, or private security instructor, or a private security registration in any category pursuant to 6 VAC 20-171-120 shall submit to the department:</p> <p>*Included in the registration categories. <u>A private security services registrant is defined in 6 VAC 20-171-10. The Department feels that the language is clear and there is no additional need to include references for the application process for registrants in 6VAC20-171-120. Doing this would require the department to add references throughout the entire regulations for consistency.</u></p>
<p>John K &amp; Susan DellaPenta, Certified Training Academy</p>	<p>* Suggests that the regulations include a cogent process, by which personnel from a temporary agency might be used, such as: fingerprinted on the date of hire trained by the 90<sup>th</sup> day registered by the 120<sup>th</sup> day; or removed from the company by the 91st day.</p> <p>Comments: Richmond Alarm – Alarm monitoring companies have a high turnover rate and a long training period, often 160 hours or more. It is critical to replace a terminated employee quickly. Monitoring company employee needs strong clerical skills, which are easily found among temporary agency’s pool of employees and without the temporary agency advertising for the position. The idea would be to ask for an agency to send an employee that has necessary skills to the alarm company and the alarm company to process papers with DCJS, same as a direct hire. Eventually, if the training of the temp employee goes well, the alarm company hires the employee directly. <u>This would require a legislative action. Temporary agencies that provide employees for regulated private security services are considered a private security services business and are required to be licensed according to the Code.</u></p>

<p>John K &amp; Susan DellaPenta, Certified Training Academy</p>	<p>* Suggests the language be clearer in 6 VAC 20-171-30. B. Fingerprint Processing to add the following sentence: the fingerprint card, processing application and fee shall be submitted to the department not later than one business day following the date of hire.”</p> <p><u>The Code states that no person shall be employed until he has submitted his fingerprints to the Department to be used a National Criminal Records search and a Virginia Criminal History Records search. Fingerprints must be submitted upon date of hire in a regulated private security services category.</u></p>
<p>Martha Clancy</p>	<p>* Suggests that 6 VAC 20-171-30.A (1) Fingerprint Processing be amended to reflect: One completed fingerprint card.</p> <p>* Favors that proof of United States citizenship or Legal Resident Alien status be required for initial licensure, registration and certification as well as for each renewal – for clarification.</p> <p><u>The language has been amended.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Recommends that the regulations indicate that fingerprints are valid for 90-days.</p> <p><u>Language has been inserted that reflects the fingerprint processing applications are valid for 120 days.</u></p>

<p>Chuck Tobin AT-RISK</p>	<p>* Recommends that under 6 VAC 20-171-100 (A) that an instructor should maintain registration in the categories they are certified to instruct.</p> <p>Comments: It is believed that it is important that for an instructor to continue to offer current, best practice information they should maintain a current registration. Thereby ensuring they continue to participate in operational assignments or attend in-service training from professional organizations such as ASIS. Currently, GI's must only take in-service training in how to be a good instructor.</p> <p><u>The Department did not agree that all instructors should be required to maintain a registration, but did include a provision that instructors must complete an additional 2 hours of professional development for topics related to each category of instructor certification during the period of certification.</u></p>

<p>Travis Palmer</p>	<p>* Suggests that 6 VAC 20-171-120. A be amended to say: “Individuals who carry or have access to a firearm while on duty must have a valid firearm endorsement card. If carrying a handgun concealed, the individual also have a (i) valid concealed weapons permit pursuant to 18.2.308 of the Code of Virginia, and (ii) written permission of his employer to carry while on duty”.</p> <p><u>The Department feels no further amendment is needed and that the current language is clear.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>(see page 35) #11 – both read the same in regards to Concealed Handgun. D (1) read:</p> <p>“Fingerprint cards have been submitted pursuant to 6 VAC 20-171-30; instant criminal history checks have been submitted pursuant to...and...”</p> <p>Comments: This change was mentioned above in the VSP-167 reinstatement.</p> <p>It is suggested that the VSP-167 is reinstated due to the necessity of several registration categories, such as security officers, to place them on post immediately after the submittal of fingerprints. Unfortunately, the results from the fingerprints are not received for up to 30 days, leaving the potential that a felon could work within a facility for a period of time. The VSP-167, though limited in reach, offered the client the knowledge that they were not provided with a criminal in their security operation.</p> <p><u>This would require legislative action. The requirement to submit a VSP167 was removed in 2003 from the Code, when unarmed security officers became registered and were required to submit for a fingerprint based criminal history check. John K & Susan DellaPenta, Certified Training Academy	<p>* Suggests that 6 VAC 20-171-130 (A) Registration Renewal be amended to read: “Applicants for registration renewal shall meet all requirements and submit their application at least 30-days prior to the expiration.”</p> <p>Comments: The idea here is to give DCJS 30-days processing time while reminding the applicant to get their training prior to submitting the application. In a round-about way, it points out that there other requirements beyond submitting the application, thereby encouraging the practitioner to read on to see exactly what must be done to renew in a timely manner.</p> <p><u>The Department concurs and the language has been amended.</u></p>	
Bill Scouten VIP Security School	<p>Within 12 months of expiration of credential (see pg 40, 1a and pg 41, top, #2) same verbiage pg 41, top, item b.</p> <p><u>The commenter did not specify which regulation he is referring to. No further response needed.</u></p>

Travis Palmer	<p>* Suggests that 6 VAC 20-171-130.D be deleted.</p> <p><u>All references to DMV have been stricken.</u></p>	
Travis Palmer	<p>* Suggests that 6 VAC 20-171-130.E be deleted, as it is redundant to paragraph A</p> <p><u>The Department feels this language is necessary.</u></p>	
<b>6VAC20-171-180</b>	<b>Reinstatement</b>	
John K & Susan DellaPenta, Certified Training Academy, VBFAA	<p>* Recommends that the department consider revising this entire section of the regulations to include the following elements – 6 VAC 20-171-180, Reinstatement:</p> <p>“permit licensees to operate after the submission of the renewal application; permit schools to continue operation after the submission of the renewal application; permit certified personnel to work after the submission of the renewal application; permit registrants to work after the submission of the renewal application</p> <p>operate/work for up to 30-days while completing the reinstatement process; that the person or business is still subject to the regulations</p> <p>that the person or business is still subject to the § 9.1-138 et seq. of the Code of Virginia during the reinstatement period; that there is no reinstatement period on expired firearms endorsements”</p>	

	<p>Comments: This is intended to offer a compromise on a very intense issue for our members (other Virginia regulated trades allow reinstatement for up to a year). This would also make the reinstatement period truly consistent (with compliance agents).</p> <p>(VBFAA) Certainly we understand that our public safety related work differentiates us from other trades; however, this compromise permits the enterprise and personnel to continue while holding them accountable</p> <p><u>The Department agrees and has included the appropriate language.</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Suggests that 6 VAC 20-171-180. C should make reference to Article #4, Training Exemptions (in case person is eligible).</p> <p><u>The Department does not agree that an additional reference to the training exemptions is necessary.</u></p>
<p><b>6VAC20-171-190</b></p>	<p><b>Renewal extension</b></p>
<p>John K &amp; Susan DellaPenta, Certified Training Academy, VBFAA</p>	<p>* Suggests that 6 VAC 20-171-190.A be amended to state: 3. "Military or Foreign Service, or foreign assignment."</p> <p><u>The Department does not agree that individuals should receive an extension when on a foreign assignment that is not the result of military, foreign service or an emergency temporary assignment.</u></p> <p>* Also suggests, that in paragraph B (3), the regulations use the words "government orders" which would also need to be amended with language, such as: "...or letter from the compliance agent stating the date the registrant's departure and return."</p> <p>Comments: More and more private sector security practitioners are being assigned to projects abroad and should have their work respected, on par with military and government civil service.</p> <p><u>The Department did add language to B3 to include documentation of emergency temporary assignments which could include documentation from the business</u></p> <p>* Suggests that 4. state: "Any emergency temporary assignment of private security registered or certified personnel for purposes of natural disaster, homeland security or documented threat."</p> <p><u>This language was amended to include the recommendation.</u></p>
<p>John K &amp; Susan DellaPenta, Certified Training Academy, VBFAA</p>	<p>* Suggests that 6 VAC 20-171-190.E be amended to state:</p> <p>Add to the current language of paragraph "E" "...except as provided for emergency temporary assignments in paragraph A. (4)."</p> <p>Paragraph E is in conflict with sub-paragraph 4, in that there can be an emergency extension of the expiration date during which the personnel can work until they can achieve training. For instance in September 2003, a hurricane and tornado inflicted severe damage on the Richmond area, as well as other parts of the state, causing a 4-6 month backup in service calls to restore electronic security equipment owing to damages. In a situation such as this, it is in the interest of the public safety (§ 9.1-141.A.) for these men and women to restore electronic security services than to attend in-service training session.</p> <p><u>The Code requires licensure, certification and registration. The Department has the authority to grant 30 day emergency exemptions for these situations. The Department</u></p>

	<u>does not have the authority to allow individuals or businesses to provide private security services without the proper credentials or an emergency exemption.</u>	
Martha Clancy	<p>* Strongly suggests that 6 VAC 20-171-190. Renewal Extension read, "The Department shall issue a letter to the business, school, or individual stating the conditions required for renewing the license, registration, or certification."</p> <p>* Asks consideration to change the current provision regarding an individual serving in the United States Armed Forces so that he/she may have his/her registration renewed upon return to Virginia. Instead of prior notification, the requirements might include filing a registration renewal application within 90 days of return, completion of in-service training, and a copy of military orders. DMV accepts this process for drivers' licenses and vehicle registrations.</p> <p><u>The Department included language under B1 that would allow this requirement to be waived based on an evaluation of the justification for waiver.</u></p>	
<b>6VAC20-171-200</b>	<b>Denial, probation, suspension and revocation</b>	
Travis Palmer	<p>* Suggests that 6 VAC 20-171-200(A) be changed: as defined in Article 1 (18.2-247, et seq.) of Chapter 7 of Title 18.2 of the Code of Virginia, or prohibited sexual behavior as....</p> <p><u>The Department feels no change is necessary and that the current language is clear.</u></p>	
Martha Clancy	<p>* Suggests that 6 VAC 20-171-200.D. be amended to read: "The Department may deny licensure, registration, or certification for other just cause."</p> <p><u>The Department agrees. The language has been amended.</u></p> <p>* Recommends that 6 VAC 20-171-200.F. The Compliance Agent of the PSS Business or Training Director of a PSS Training School by which a disciplined registrant or certified individual is employed shall be notified in writing by the Department as to the discipline imposed and the nature of the violation.</p> <p><u>The Department concurs. <p>Bill Scouten VIP Security School</p>	<p>* Comment on 6 VAC 20-171-220.A (6): why 15 days when most other requirements are 10 days? <u>The Department does not feel a change is necessary.</u></p>
<p><b>6VAC20-171-230</b></p>	<p><b>Business standards of conduct</b></p>
<p>John K &amp; Susan DellaPenta, Certified Training Academy, VBFAA  Richmond Alarm (paragraph 16 only)</p>	<p>* Suggests that regulation 6 VAC 20-171-230 Business Standards of Conduct be amended to read: Add to the current language of paragraph 16: This shall not apply to audio or video monitoring verification where there is reasonable information to believe that a crime is in progress. <u>The regulations currently allow for a waiver of this requirement upon written authorization from the alarm user.</u>  *Also recommends that the language in 6 VAC 20-171-230 be amended to read: Add to the current language of paragraph 19: "...or the seal of any political subdivision of the Commonwealth..." Comment: This amendment makes the paragraph clearer in its content and more consistent with similar statements in the regulations. <u>The Department agrees. The language has been inserted.</u></p>
<p>Martha Clancy</p>	<p>* Recommends that the verbiage in 6 VAC 20-171-230. (and in all other places with this same wording) be amended to include:  18. Utilize vehicles for private security services using or displaying a flashing amber light only as specifically authorized by the Code of Virginia §46.2-1025.9. <u>The Department agrees. The language has been inserted.</u>  27. "Do not conduct private security business under a fictitious or assumed name of a private security services business not on file with the Department of Criminal Justice Services. Current verbiage implies that use of "pretext" is otherwise legal, when it can be illegal under certain circumstances, and specifically under several federal laws. The revised wording conveys the necessity of registering a DBA with DCJS". <u>The Department agrees. The language has been inserted.</u></p>

<p>Travis Palmer</p>	<p>* Suggests that 6 VAAC 20-171-230.A(4)a. be amended to read: “A licensee shall not employ, or otherwise utilize, those individuals that do not possess a valid registration card issued by the department, accept as provided in this chapter, indicating the duty category(ies) of registration pursuant to the Code of Virginia. Individuals employed for strictly administrative/clerical duties are exempt”.</p> <p><u>The Department does not feel an amendment is necessary. The current language is clear.</u></p>
<p>Travis Palmer</p>	<p>Asks for clarification of 6 VAC 20-171-230.A. 5...“contractor’s or subcontractor’s license issued by the department...Is this construed as the “firm license/business license” ? Should be defined if otherwise.</p> <p><u>This language prohibits a business from contracting or subcontracting with other businesses or individuals who are not properly licensed. This prohibits a business from hiring individuals under a 1099 to provide private security services.</u></p>
<p>Travis Palmer</p>	<p>* Suggests to remove “and acting” in 6 VAC 171-230.A (9).</p> <p><u>The language in the section is correct.</u></p>
<p>Chuck Tobin AT-RISK</p>	<p>* Recommends a change in regulation 6 VAC 20-171-230 (A) to read: “28 Not act as or be a certified Private Security Services Business for undisclosed persons who directly or indirectly controls the operation of the Private Security Services Business”.</p> <p>Comment: This is to prevent undisclosed persons from directing a companies efforts without having their fingerprints submitted to DCJS. Such a person may have had their certification/license/registration previously revoked but continue to refer business to an associate for a “cut” of the work. Meanwhile, continuing to maintain their relationship with the client and conduct business illegally.</p> <p><u>The Department agrees. New language has been inserted.</u></p>
<p><b>6VAC20-171-240</b></p>	<p><b>Compliance agent administrative requirements and standards of conduct.</b></p>
<p>John K &amp; Susan DellaPenta, Certified Training Academy, VBFAA ***** Martha Clancy</p>	<p>* Favors eliminating: 6 VAC 20-171-240 (A) (9) Compliance Agent.</p> <p>Comment: The purpose here is to allow the compliance agent to serve more than one business licensee.</p> <p>Comment: An individual may function competently as Compliance Agent for more than one business entity.</p> <p><u>The Code states that a compliance agent must be employed by a licensed business.</u></p>
<p>Jennie McLamb, Omnisec</p>	<p>* Suggests that 6 VAC20-171-240.A (10d) include the verbiage to add “or electronic images”.</p> <p>Example: b. Maintain documentation [or electronic images] for all employees or persons otherwise utilized that verifies compliance with requirements pursuant to the Code of Virginia and this chapter; and</p> <p><u>The Department has included the definition for electronic images under 6VAC20-171-10 which would include the documentation in this section.</u></p>

<p>Travis Palmer</p>	<p>* Asks for clarification of 6 VAC 20-171-240A.(10d): Ensure that all regulated employees carry the state issued registration card, or letter of temporary registration, while on duty.</p> <p>What is a "certification card"?</p> <p><u><i>This language has been stricken.</i></u></p>
<p><b>6VAC20-171-250</b></p>	<p><b>(Training Schools) – Administrative Requirements</b></p>
<p>Travis Palmer</p>	<p>* Suggests 6 VAC 20-171-250 (Title) be changed to: Training school Administrative Requirements</p> <p><u><i>The Department agrees, the language has been inserted.</i></u></p>
<p>T. Palmer</p>	<p>* Suggests that 6 VAC20-171-250-21 be changed to: "and within 10 days of an incident, submit a report of the incident in which any instructor..."</p> <p><u><i>The language has been amended.</i></u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Recommends to delete 6 VAC 20-171-250. (19c) because it is covered in A(5).</p> <p><u><i>The Department feels this language is necessary to ensure schools maintain a current list of subject matter specialists. A5 only requires that the school contact the Department when the specialist is first utilized.</i></u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Suggests that the Department maybe add-to notify the department within 24 hours of the incident and then follow up within 10 days with written report-see pg 34 item 5 at top of page – 6VAC20-171-250 A(21)</p> <p><u><i>The Department does not agree that this is necessary.</i></u></p>
<p><b>6VAC20-171-300</b></p>	<p><b>Private Security training session.</b></p>
<p>Martha Clancy</p>	<p>* Recommends that 6 VAC 20-171-300. Training Session be amended as follows:</p> <p>B.5. A written examination in English shall be administered at the conclusion of each entry-level training session.</p> <p><u><i>The Department feels this is not within their authority to enforce and specific justification has not been provided that would support an amendment. This is a business decision by the school.</i></u></p> <p>C.2. Such training should be completed within 60 days after the completion of the training session or at the next available session offered by the training school at the discretion of the training director.</p> <p><u><i>The Department disagrees and feels make-up training must be completed within 60 days period. The language "or at the next available session offered by the training school" has been stricken. This language is too broad, a school may not have another session for 8 months. 60 days is ample time for a student to receive make-up training. This will also help deter students from tardiness and absenteeism.</i></u></p>

<p>Chuck Tobin AT-RISK</p>	<p>* Strongly supports 6 VAC 20-171-300.(D) 7 that Computer based training may only be utilized for in-service training of certification categories.</p> <p>Comment: Current computer based training programs do not offer enough guarantee from fraudulent use nor do they offer the student substantial learning opportunities. This type of training must be better monitored or more thoroughly regulated. Training schools have little control over whether the person actually completing the training is the student being certified. In a formal school, the instructor can make acquaintance with the student and validate identity. Via internet training it is extremely feasible for a command center operator or supervisor to complete security officer in-service training for several of his/her officers. Secondly, by not positioning test questions throughout the period of study, students can skip to the testing material and test without reviewing the content.</p> <p><u>The Department is allowing for on-line training for in-service only.</u></p>
<p>Chuck Tobin AT-RISK</p>	<p>* Suggests that 6 VAC 20-171-300. (D) 2. be changed to add the following verbiage: Training sessions will be conducted by certified instructors or other individuals authorized to provide instruction pursuant to this chapter and must be “physically present for all periods of instruction”.</p> <p>Comment: This is too prevent instructors from conducting training sessions via the plug and play mentality where they punch in a tape and walk away for an hour. Meanwhile, students make a mockery of the content and do not obtain the level of instruction necessary</p> <p><u>The Department agrees, the language has been inserted.</u></p>
<p><b>6VAC20-171-310</b></p>	<p><b>Registered Personnel Administrative Requirements</b></p>
<p>John K &amp; Susan DellaPenta,  Certified Training Academy, VBFAA</p>	<p>* Recommends that 6 VAC 20-171-310 Registered Personnel Administrative Requirements be amended as follows:</p> <p>Add to the current language of paragraph 3: “...misdemeanors of moral turpitude; sex offense; drug offense or distribution or possession of imitation controlled substances; assault and battery; damage to personal property as defined in § 18.2-; firearms or any felony...”</p> <p>Comment: The current paragraph needs to be more specific and in line with § 9.1-139.J. The current language is too broad and can lead to frivolous administration for individuals, businesses and the department over minor offenses.</p> <p><u>The Department agrees and included a reference to the specific section of the Virginia Code.</u></p>
<p>Travis Palmer</p>	<p>* Suggests to change 6 VAC 20-171-310.A(2) to: “Maintain at all times with the department a mailing address and, if applicable, e-mail address and telephone number.</p> <p><u>The Department agrees. The language has been amended.</u></p>
<p>Travis Palmer</p>	<p>* Suggests to change to 6 VAC 20-171-310.A(3): “Inform the department and, if applicable, the private security services business employer, in writing within 10 days after pleading guilty or nolo contendere or being convicted of found guilty of any felony or misdemeanor”.</p> <p><u>The language has been amended and should address Mr. Palmer’s concerns..</u></p>

Travis Palmer	<p>* Suggests to change 6 VAC 20-171-310. A (4) to : “Inform the department and, if applicable, the private security services business employer, in writing within 10 days after having been found...”</p> <p><i>The Department does not feel the change is necessary. The language is clear.</i></p>	
<b>6VAC20-171-320</b>	<b>Registered Personnel Standards of Conduct</b>	
<p>John K &amp; Susan DellaPenta,  Certified Training Academy, VBFAA</p>	<p>* Recommends that regulation: 6 VAC 20-171-320 Registered Personnel Standards of Conduct be amended to include the following:</p> <p>Amend to the current language of paragraph7: Have a valid registration or temporary registration reasonably accessible at all times while on duty once the authorization...</p> <p>Comment: The current language is “carry.” Many of our industry members are installers and service people and are subjected to traversing attics and crawl spaces during the installation of electronic security equipment. The objective here is to allow them to keep the registration card in their vehicle where it will stay clean and less likely to be lost, but still reasonably retrievable if requested by one of the parties in paragraph 15 of this section.</p> <p>Richmond Alarm adds: An additional sentence could be added: “immediate access” means on the job site where the registrant is working (The words immediate access were taken from the definition of armed in these regulations).</p> <p><i>The Department included an amendment that strikes the word “carry” and requires the registrant “be in possession of” which should address this recommendation.</i></p>	
Martha Clancy	<p>* Recommends that 6 VAC 20-171-320. Registered personnel standards of conduct read:</p> <p>A.14. Engage in no conduct which shall mislead or misrepresent through word, deed, or appearance that a registrant is a law-enforcement officer or other government official.</p> <p><i>The Department agrees. The language has been amended.</i></p>	
<p>Bill Scouten  VIP Security School</p>	<p>* Recommends that 6 VAC 171-320.A (7) add the word “unarmed security officer.”</p> <p><i>The language has been amended.</i></p>	
<p>Bill Scouten  VIP Security School</p>	<p>* Asks for clarification: 6 VAC 20-171-320.A (9) that references 9-1-140 of the Code of Virginia in regards to Armed Security Officers. If other “in house” employees who perform duties that are regulated by DCJS/PSS are exempt should they be included in this section?</p> <p><i>Armed security officers who work for proprietary businesses are not exempt from registration requirements. All other proprietary employees are not regulated by DCJS.</i></p>	
<b>6VAC20-171-350</b>	<b>Entry Level Training (Registrations)</b>	

<p>Landon T. White, Explosive Countermeasures International Incorporated</p>	<p>6 VAC 20-172-350 DETECTOR CANINE HANDLER EXAMINER CERTIFICATION</p> <p>A. Each person applying for certification as examiner shall meet the minimum requirements for eligibility:</p> <p>"Tenured membership/affiliation with an organization involved with certifying, training, and or setting standards for detection canines." This should not automatically qualify someone as an examiner. We need to keep experience involved with this statement. In almost all cases I am sure someone with membership in these organizations will have experience equal to or greater than the five years. But what if, in what I would consider to be rare, someone does not? By being a business one is affiliated with an organization. And by stating your purpose is for certifying, training, and or setting standards for detection canines, you have met this requirement.</p> <p>ECI feels that the DCJS recommended, "five years experience in explosive and/or narcotic detection with a federal, state, or local law-enforcement agency as well as two additional years as a trainer in detection canines". This experience should be required in addition to the above paragraph and not in lieu of.</p> <p>Attached is ECIs recommendation regarding the training school minimum requirement. We recommended as an absolute minimum five weeks (200 hours); and only if we can not persuade you to follow the training minimum that is followed by most government agencies. For classroom training we recommend 50 hours of training. The practical/hands-on training we recommend is 150 hours. It is our understanding that DCJS was initially recommending 4 weeks, 1 week of classroom and 3 weeks of apprenticeship.</p> <p>We understand that DCJS is establishing minimum training standards, but we need to keep in mind that people will be conducting searches for improvised explosive devices. How minimal should the training be? The above recommendation is the absolute minimum. We actually believe the minimum should be in keeping with the guidelines followed by most government agencies which is a training course of 8-12 weeks as a minimum for novice handlers.</p> <p>These regulations stem from one bad apple approximately six or seven years ago. We do not want more of them to follow. If the standards are to minimal we will only encourage individual companies to branch out security services as an additional revenue avenue advertising that their services are "Certified and Regulated through DCJS." Most Federal Contracts stipulate a minimum of 1-2 years experience as an explosive detector dog handler in their solicitations. However, if a company in Virginia has no prior experience with detection canine companies, we feel they would assume being Licensed and certified by DCJS would qualify the handlers to perform services. If the minimum standards are too basic we will defeat the purpose of these regulations. Rather than cleaning up the industry, it would create a whole new industry of inexperienced handlers providing unsatisfactory protection to an unsuspecting public.</p> <p>Where in the regulations will the standard for testing teams be? ECI has in the past recommended the standards of The United States Police Canine Association (USPCA) as a guideline for testing. Since that recommendation the ATF has entered into a partnership with the USPCA, The North American Working Dog Association (NAPWDA), The International Police Work Dog Association (IPWDA), and the National Police Canine Association (NPCA) to improve explosive canine standards. This partnership is still quite new but it may be worth exploring as we establish certification guidelines.</p> <p>The Scientific Working Group on Dog and Orthogonal Detector Guidelines (SWGDOG) has also made recommended general guidelines for training, certification, and</p>
--	---

documentation pertaining to all canine disciplines. This group was initially tasked with establishing standards that would be nationwide. I would encourage you to review their website at [www.swgdog.org](http://www.swgdog.org).

Are training schools going to initially certify detection teams? At one time, I believe it was discussed each company will do their own certification and document it through video taping. I appreciate that you advised in our meeting today, that DCJS will accept certification standards that meet or exceed their recommended standards? Video taping however, is not practical. Many of our clients test us annually and many of our company certifications take place on federal property. Video taping is strictly prohibited at these sites. Requiring video taping will prevent acceptance of certifications conducted by outside entities such as our clients. Requiring this will cause companies to incur much more cost because they will have to work around regular work schedules, bring people in on their day off, and find additional places to try and conduct their certification. Video taping will not prevent anyone from cheating if that's what they choose to do. There really is no benefit for this type of requirement.

Paragraph C.

Any handler that meets the requirements to be an examiner, and has completed and has documentation to verify a supervisory course such as the Military Working Dog Supervisor/Trainers course should receive exemption to everything except code and regulations. This course of instruction has trained them to manage their kennels and provide all aspects of canine support to the installation they are assigned. This includes patrol, explosive and narcotic detection duties. There should be no exam for anyone who has a certificate of training from this course or any similar course. When completing these courses of instruction they are tested. I see no provisions to test individuals who will be developing and administering these tests. We do not test other categories when they receive training elsewhere. For example, someone attending a firearms instructor course from another organization can apply to become a DCJS certified instructor without examination. They only need to submit range scores which is a practical evaluation.

The apprenticeship program recommended is 120 hours long. When supervising a handler in this program the supervisor only needs to be a certified detection handler. What if the handler supervising the training also just completed the apprenticeship program and has very little experience? There are requirements to be an examiner and I would recommend having requirements for this as well. I recommend that the position of supervisor only be granted to handlers who have three years experience with an additional two years as a trainer, thus giving you a total of five years experience while supervising novice handlers in this program. This ensures someone with experience will be capable of correcting any deficiency's the handler or canine may have.

The apprenticeship program further states, "those individuals previously certified may take the certification exam without completing the apprenticeship program." As we discussed today, exemption should be granted to those who submit documentation which meets or exceeds the recommended minimum standard, with the exception of code and regulations. No certification exam should be required for those being granted exemption. The language used, "those individuals previously certified may take the certification exam without completing the apprenticeship program" should be stricken.

	<p>Total hours (excluding written examination)--14 hours</p> <p>Comment: The Advanced Handgun course of fire duplicated the training requirements of the entry level security officer class which is a pre-requisite. It makes sense to review the legal topics for students and expand the student's legal understanding of concealed carry laws and the change in requirements for the use of force. As a result, less time is required for the students training in order to receive their entry level handgun and advanced handgun program, without reducing the quality of training, merely, reducing repetition. Many other topics relative to the use of force, deadly force, etc. are addressed for the student in entry-level training. This program, as its title indicates, is advanced training and should be built upon foundation that the student has completed basic training. Since this program is directed as those persons carrying concealed for protective details, then the training should spend time explaining the appropriate deployment of a firearm in protective detail operations. It is also proposed that these types of programs should require the student to spend a minimum amount of time on a range, rehearsing the skill sets and preparing for qualification on the course of fire.</p> <p><i>The Department agrees and has made the appropriate amendments to the language.</i></p>

<p>Martha Clancy</p>	<p>* Recommends that 6 VAC 20-171-450. Entry-level training exemptions be expanded to include the actual exemptions by category and hours.</p> <p><i>The exemptions are based on third party documentation and the training must meet and exceed the compulsory minimum training standards. Each exemption proves to be individualized in how much training may be waived.</i></p>
<p><b>6VAC20-171-460</b></p>	
<p>John K &amp; Susan DellaPenta, Certified Training Academy, VBFAA</p>	<p>* Consider amending: 6 VAC 20-171-460 (A) In-service Training Exemption.</p> <p>Comments: Change the period of the waiver is good for to be 24-months apropos to the consistency with 6 VAC 20-171-360 (A).</p> <p><i>The language has been amended.</i></p>

<p>Bill Scouten VIP Security School</p>	<p>* Asks for clarification with 6 VAC 20-171-500.A read (Line 2): “regardless of criminal prosecution” while the Code of Virginia 9.1-150 line two reads, “who is not criminally prosecuted”...is the regulation in conflict with the Code?  <u>The regulation language “regardless of criminal prosecution” is if there is a conviction that also is a violation of the Code and Regulations Relating to Private Security Services. The Code §9.150 allows the Department to sanction for violations if the Department chooses not to pursue further criminal prosecution in regard to §9.1-149 C</u></p>
<p>Bill Scouten VIP Security School</p>	<p>* Asks for clarification with 6 VAC 20-171-500.A: Code says, “any person licensed, certified or registered by the Board”, while one of the regulations says, “each person subject to jurisdiction of this chapter”.  If a person is violating the regulations/code governing Private Security but is not currently licensed, certified, or registered – can they be sanctioned by the Board?  <u>The Department can sanction individuals who are licensed, certified or registered according to the Code. If not licensed/certified/registered the Department will issue a cease and desist order or forward for criminal prosecution. The Department has implemented a section within the Reinstatement section of the Regulations that allows the Department disciplinary authority during the period of reinstatement. See 6VAC20-171-180 for new language.</u></p>
<p>Martha Clancy PISA</p>	<p>* Suggests that 6 VAC 20-171-500.B(7) Remedial Training, require an individual to provide the Training School with documentation from the Department imposing remedial training (as is done with Partial Exemptions to Training).  <u>The Department does not agree that this information should be automatically shared with a 3<sup>rd</sup> party. Remedial training is in response to a violation or noncompliance of the Code or Regulations. This information may be shared by the respondent. All department investigations are public record and may be requested under the Freedom of Information Act.</u></p>

**Family impact**

*Please assess the impact of the proposed regulatory action on the institution of the family and family stability including to what extent the regulatory action will: 1) strengthen or erode the authority and rights of parents in the education, nurturing, and supervision of their children; 2) encourage or discourage economic self-sufficiency, self-pride, and the assumption of responsibility for oneself, one’s spouse, and one’s children and/or elderly parents; 3) strengthen or erode the marital commitment; and 4) increase or decrease disposable family income.*

The regulations will directly impact any family who uses private security services in terms of the assurance of competent registrants as well as having a venue to register complaints about any private security registrant, training school or business operating in the Commonwealth of Virginia. The regulations indirectly impact the family by providing a regulatory program that protects the public from unscrupulous, incompetent or unqualified persons engaging in the activities of private security services and by setting standards and procedures that enhance professionalism and the quality of services by the private security profession

**Detail of changes**

Please detail all changes that are being proposed and the consequences of the proposed changes. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact if implemented in each section. Please detail the difference between the requirements of the new provisions and the current practice or if applicable, the requirements of other existing regulations in place.

If the proposed regulation is intended to replace an emergency regulation, please list separately (1) all provisions of the new regulation or changes to existing regulations between the pre-emergency regulation and the proposed regulation, and (2) only changes made since the publication of the emergency regulation.

For changes to existing regulations, use this chart:

6VAC20-171-20B1	Fees	<p><b>Insert</b> language for clarity – referring constituents to reinstatement provision.</p> <p>B. Reinstatement fee.</p> <p>1. The department shall collect a reinstatement fee for registration, license, or certification renewal applications not received on or before the expiration date of the expiring registration, license, or certification <u>pursuant to 6VAC 20-171-180.</u></p>
6VAC20-171-20B1	Fees	<p><b>Insert</b> language for clarity – referring constituents to reinstatement provision.</p> <p>B. Reinstatement fee.</p> <p>1. The department shall collect a reinstatement fee for registration, license, or certification renewal applications not received on or before the expiration date of the expiring registration, license, or certification <u>pursuant to 6VAC 20-171-180.</u></p>
6VAC20-171-20C	Fees	<p><b>Amend</b> for grammar.</p> <p>C. Dishonor of fee payment due to <del>nonsufficient</del> <u>insufficient</u> funds.</p>
6VAC20-171-20C1	Fees	<p><b>Strike</b> unneeded language:</p> <p>1. The department may suspend the registration, license, certification, or authority it has granted any person, <del>licensee or registrant</del> who submits a check or similar instrument for payment of a fee required by statute or regulation which is not honored by the financial institution upon which the check or similar instrument is drawn.</p>
6VAC20-171-20D1	Fees	<p><b>Insert</b> subsection in order to provide an explanation of the manual processing service fee. The Department is moving towards a web-based licensing system and the including a fee will reduce the excessive amounts of paperwork when the system will allow for electronic submittal. This will enable to department to provide more efficient and effective service to the industry.</p> <p>D. Manual processing service fee.</p> <p>1. The department shall collect a \$20.00 service fee for any <u>applications under this chapter that are submitted to the department by other means than the available electronic methods established by the department.</u></p>
6VAC20-171-30A	Fingerprint processing.	<p><b>Insert</b> <u>detector canine handler examiner</u> certification pursuant to 9.1-138 et seq. and <b>strike</b> the language “or private security certificate” in the last sentence for grammatical purpose.</p>

			<p>A. On or before the first date of hire, each person applying for licensure as a private security services business, including principals, supervisors, and electronic security employees; certification as a private security services training school; certification as a compliance agent, <u>detector canine handler examiner</u> or instructor; or a private security registration <del>or private security certification</del> shall submit to the department:</p>
6VAC20-171-30A1		Fingerprint processing.	<p><b>Amend</b> to reflect current process. The Department moved to a scanning process in which only one card is scanned and then electronically submitted to the state police and the FBI.</p> <p>1. <del>Two</del><u>One</u> completed fingerprint <del>cards</del><u>card</u> provided by the department or another electronic method approved by the department;</p>
6VAC20-171-30C		Fingerprint processing.	<p><b>Amend</b> paragraph to reflect the current process.</p> <p>C. Fingerprints cards found to be unclassifiable will <del>be returned to the applicant. Action on the application will be suspended</del> <u>suspend all action on the application pending the resubmittal resubmission of a classifiable fingerprint cards card.</u> The applicant shall be so notified in writing and <del>shall must submit a new fingerprint cards card and the applicable, nonrefundable fee to the department within 30 days of notification before the processing of his application shall resume. However, no such fee may be required if the rejected fingerprint cards are included and attached to the new fingerprint cards when resubmitted and the department is not assessed additional processing fees. If a fingerprint card is not submitted within the 30 days, the initial fingerprint application process will be required to include applicable application fees.</del></p>
6VAC20-171-30E		Fingerprint processing.	<p><b>Insert</b> paragraph to reflect current policy within the department. Criminal history checks are a point in time review. Applicants are required to submit for a criminal history check and some categories of registration have up until 120 days to complete the registration process.</p> <p><u>E. Fingerprint applications will only be active for 120 days from submittal. Application for licenses, registrations and certifications must be submitted within that 120 day period or initial fingerprint submittal will be required.</u></p>
6VAC20-171-50B1		Initial business license application.	<p><b>Insert</b> fingerprint requirement for electronic security services employee pursuant to §9.1-145.</p> <p>B. 1. 6VAC20-171-50B8	B7	Initial business license application.	<p><b>Renumber</b> subsection, <b>amend</b> language for clarity and <b>insert</b> business categories of private security services pursuant to §9.1-138</p> <p><del>87.</del> Designation on the license application of the type of private security business license the applicant is seeking. The initial business license fee includes one category. A separate fee will be charged for each additional category. The separate categories are identified as follows: security officers/couriers (armed and unarmed), private investigators, electronic security <del>personnel</del>, armored car <del>personnel</del>, personal protection specialists, <del>locksmiths</del>, <del>detector canine handlers</del> and security canine handlers. Alarm respondents crossover into both the security officer and electronic security category; therefore, if an applicant is licensed in either of these categories, he can provide these services without <del>purchasing</del> an additional category <u>fee</u>.</p>
6VAC20-171-50E		Initial business license application.	<p><b>Insert</b> specific descriptions of what changes would constitute a new legal entity. The department receives numerous inquiries that reflect the need to provide specificity in the regulations.</p> <p>E. A new license is required whenever there is any change in the ownership or type of organization of the licensed entity that results in the creation of a new legal entity. <u>Such changes include but are not limited to:</u></p>

			<p><u>1. Death of a sole proprietor;</u>  <u>2. Death or withdrawal of a general partner in a general partnership or the managing partner in a limited partnership; and</u>  <u>3. Formation or dissolution of a corporation, a limited liability company, or an association or any other business entity recognized under the laws of the Commonwealth of Virginia.</u></p>
6VAC20-171-50F		Initial business license application.	<p><b>Strike</b> exception. This exception did not provide for consistency for all licensees.</p> <p>F. Each license shall be issued to the legal business entity named on the application, whether it be a sole proprietorship, partnership, corporation, or other legal entity, and shall be valid only for the legal entity named on the license. No license shall be assigned or otherwise transferred to another legal entity, <del>with the exception of a sole proprietorship or partnership that incorporates to form a new corporate entity where the initial licensee remains as a principal in the newly formed corporation. This exception shall not apply to any existing corporation that purchases the business or assets of an existing sole proprietorship.</del></p>
6VAC20-171-60C5		Renewal license application.	<p><b>Insert</b> language for clarity of fee requirements</p> <p>C. 5. The applicable, nonrefundable license renewal fee <u>and applicable category of service fees</u>; and</p>
6VAC20-171-60D		Renewal license application.	<p><b>Amend</b> subsection for clarity and to remove duplicate language. A compliance agent is held to the same standard under the Compliance agent requirements. In addition, the requirement was too broad the department added the language “in a private security services or related field”, which reflected the industries under the Board’s purview.</p> <p>D. Each <del>principal and compliance agent listed on the business applying for a license renewal application</del> shall be in good standing in every jurisdiction where licensed, registered or certified <u>in a private security services or related field</u>. This subsection shall not apply to any probationary periods during which the individual is eligible to operate under the license, registration or certification.</p>

All armed personal protection specialist must satisfactorily complete firearms retraining prescribed in section 6 VAC 20-171-420.</u></p> <p><u>D. Firearms endorsements are issued for a period not to exceed 12 months. Individuals must complete firearms retraining within the 90 days prior to the expiration of their current firearm endorsement or will be required to complete entry-level training requirements prior to applying for an active endorsement.</u></p>
6VAC20-171-170.		Replacement state issued photo identification letter.	<p><b>Amend</b> first sentence by striking the word “letter” and inserting <u>card</u> to reflect proper language. The Department no longer issues a letter but issues the actual photo ID card.</p> <p>Registered individuals seeking a replacement state issued photo identification <del>letter</del> <u>card</u> shall submit to the department:</p>
6VAC20-171-180A		Reinstatement	<p><b>Amend</b> first sentence of paragraph to include specific certification categories according to §/1-138.</p> <p>A. Any business license, training school, <u>instructor, compliance agent, detector canine handler examiner certification, instructor certification</u> or registration not renewed on or before the expiration date shall become null and void. Pursuant to the Code of Virginia, all such persons must currently be licensed, registered or certified with the department to provide private security services.</p>
6VAC20-171-180B		Reinstatement	<p><b>Insert</b> the word certification in the section, this language was inadvertently left out.</p> <p>In addition the language in regard to the prohibition of reinstating a license or school has been <b>stricken</b>.</p> <p>Requiring an entity to resubmit for an initial credential</p>

			<p>causes an undue hardship and the department will handle lapses in insurance through disciplinary measures.</p> <p>B. A renewal application must be received by the department within 60 days following the expiration date of the license, <u>certification</u> or registration in order to be reinstated by the department providing all renewal requirements have been met.</p> <p>The department shall not reinstate renewal applications received after the 60-day reinstatement period has expired. It is unlawful to operate without a valid registration, <u>certification</u>, or license including during reinstatement period.</p> <p><del>The department shall not reinstate business licenses or training school certifications that have become null and void due to not maintaining required insurance or surety bond coverage.</del></p>
6VAC20-171-180	E	Reinstatement	<p><b>Insert</b> new provision that reflects the current procedures utilized when reinstating a credential. The department receives numerous inquiries in regard to the process and adding this provision will clarify the process</p> <p><u>E. When a license, certification or registration is reinstated, the applicant shall continue to have the same DCJS number and shall be assigned an expiration date two years from the previous expiration date of the license, certification or registration.</u></p>
6VAC20-171-180	F-H	Reinstatement	<p><b>Insert</b> provisions in regard to the period of reinstatement. Under the current regulations the applicant must cease and desist all operations which may cause undue hardship on a business/school or individual. In addition, the department did not have authority over the applicant should they either have continued to provide regulated services and were in noncompliance of the Code and Regulations. These provisions fully supported by the department were recommended by members of the industry.</p> <p><u>F. An applicant who reinstates shall be regarded as having been continuously licensed, certified or registered without interruption. Therefore the applicant shall remain under the disciplinary authority of the department during this entire period and may be held accountable for his activities during this period.</u></p> <p><u>G. A person who fails to reinstate his license, certification or registration shall be regarded as unlicensed, uncertified or unregistered from the expiration date of the license, certification or registration forward.</u></p> <p><u>H. Nothing in this chapter shall divest the department of its authority to discipline a person for a violation of the law or regulations during the period of time for which the person was licensed, certified or registered.</u></p>
6VAC20-171-190A4		Renewal extension	<p><b>Insert</b> a specific description of an emergency temporary assignment. This recommendation is was submitted by members of the industry and supported by the Department</p>

			<p>to ensure clarification of what the department will issue an extension for.</p> <p>A. 4. Any emergency temporary assignment of private security personnel <u>for purposes of (i) natural disaster, (ii) homeland security or (iii) documented threat,</u> by the private security services business or training school for which he is employed.</p>
6VAC20-171-190B1		Renewal extension	<p><b>Insert</b> a provision at the end of the paragraph that allows for the department to waive this requirement based on justifiable circumstances.</p> <p>B. 1. Be submitted in writing, dated and signed by the individual or principal of a licensed entity prior to the expiration date of the time limit required for completion of the requirements. <u>This requirement may be waived by the department based on an evaluation of the justification for waiver.</u></p>
6VAC20-171-190B3		Renewal extension	<p><b>Insert</b> language for consistency with 190A4.</p> <p>3. Include a copy of the physician's record of the injury or illness, <u>or a copy of the government orders or documentation of emergency temporary assignment.</u></p>
6VAC20-171-190C		Renewal extension	<p><b>Strike</b> this provision based on the inclusion of a allowing the department to waive the restrictions of an extension under B1.</p> <p><del>C. No extension will be approved for registrations, certifications, or business licenses that have expired with the exception of cases involving military or foreign services.</del></p>
6VAC20-171-190D		Renewal extension	<p><b>Reformat</b> outline</p> <p><u>DC.</u> Applications for additional extensions may be approved upon written request of the person, business, or training school.</p>
6VAC20-171-190	D	Renewal extension	<p><b>Insert</b> provision that specifies the current policy utilized by the Department. Providing more than a 12 month extension could result in an individual having more then 3 years of time with out continuing education.</p> <p><u>D. The total time for renewal extension, including additional extensions, shall not exceed 12 months beyond the original expiration date. If renewal requirements are not met during the period of extension, the individual must complete all initial training requirements to include applicable entry-level training.</u></p>
6VAC20-171-200B.		Denial, probation, suspension and revocation.	<p><b>Insert</b> language. The requirement was too broad, the department added the language "in a private security services or related field", which reflected the industries under the Board's purview</p> <p>B. The department may deny a license, registration or certification in which any person or principal of an applying business or training school has not maintained good</p>

			standing in every jurisdiction where licensed, registered or certified in a <u>private security services or related field</u> ; or has had his license, registration or certification denied upon initial application, suspended, revoked, surrendered, or not renewed; or has otherwise been disciplined in connection with a disciplinary action prior to applying for licensing, registration or certification in Virginia.
6VAC20-171-200D		Denial, probation, suspension and revocation.	<b>Amend</b> language to include all credentials under the authority of the Department and Board. D. The department may deny licensure, <u>certification or registration</u> <del>to a firm</del> for other just cause.
