In accordance with §32.1-71.01 of the Code of Virginia, the Virginia Cancer

Registry shall inform each person reported with a malignant tumor or cancer to

the registry by a Virginia hospital, clinic, laboratory, or physician that personal

identifying information about him has been included in the registry. Beginning

with cases diagnosed on January 1, 2001, notification will be made within 30

days of receipt of a case record containing complete patient identity and address

information. The notification will include the purpose, objectives, reporting

requirements, confidentiality policies and procedures of the statewide cancer

registry and a copy of §2.1-378 of the Privacy Protection Act.
