### Brief summary

*Please provide a brief summary (preferably no more than 2 or 3 paragraphs) of the proposed new regulation, proposed amendments to the existing regulation, or the regulation proposed to be repealed. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.*

The Board of Education had the authority to regulate child day programs in public school and adopted 8VAC20-590 and 600. These regulations must be repealed to conform to 2016 General

Assembly Senate Bill 467. This bill removed the Board of Education authority and placed the authority to regulate all child day programs under the Board of Social Services. The Board of Education no longer has this authority and needs to initiate a fast track regulatory action to eliminate this from its regulations.

If the proposed regulation is a new chapter, describe the intent of the language and the expected impact. Please describe the difference between existing regulation(s) and/or agency practice(s) and what is being proposed in this regulatory action. If the proposed regulation is intended to replace an emergency regulation, please follow the instructions in the text following the three chart templates below.*

For changes to existing regulation(s), please use the following chart:

<b>Current section number</b>	<b>Proposed new section number, if applicable</b>	<b>Current requirement</b>	<b>Proposed change, intent, rationale, and likely impact of proposed requirements</b>

If an existing regulation or regulations (or parts thereof) are being repealed and replaced by one or more new regulations, please use the following chart:

<b>Current chapter-section number</b>	<b>Proposed new chapter-section number, if applicable</b>	<b>Current requirement</b>	<b>Proposed change, intent, rationale, and likely impact of proposed requirements</b>

If a new regulation is being promulgated, that is not replacing an existing regulation, please use this chart:

<b>Section number</b>	<b>Proposed requirements</b>	<b>Other regulations and law that apply</b>	<b>Intent and likely impact of proposed requirements</b>

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation is identical to the emergency regulation, please choose and fill out the appropriate

chart template from the choices above. In this case “current section number” or “current chapter-section number” would refer to the **pre-emergency** regulation.

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation includes changes since the emergency regulation, please create two charts: 1) a chart describing changes from the **pre-emergency** regulation to the proposed regulation as described in the paragraph above, and 2) a chart describing changes from the **emergency** regulation to the proposed regulation. For the second chart please use the following title: “Changes from the Emergency Regulation.” In this case “current section number” or “current chapter-section number” would refer to the **emergency** regulation.

There are no changes to this regulation. It is being repealed.
