<b>Agency name</b>	Virginia Board of Education
<b>Virginia Administrative Code (VAC) citation</b>	<u>8 VAC 20-22-10 et seq.</u>
<b>Regulation title</b>	<i>Licensure Regulations for School Personnel</i>
<b>Action title</b>	Update for Legislative Changes Made by the 2012 General Assembly- <a href="#">House Bill 578</a>
<b>Date this document prepared</b>	May 29, 2013

This information is required for executive branch review and the Virginia Registrar of Regulations, pursuant to the Virginia Administrative Process Act (APA), Executive Orders 14 (2010) and 58 (1999), and the *Virginia Register Form, Style, and Procedure Manual*.

### Brief summary

*In a short paragraph, please summarize all substantive provisions of new regulations or changes to existing regulations that are being proposed in this regulatory action.*

[House Bill 578](#), passed by the General Assembly during the 2012 Session, amends the *Code of Virginia* to require the Board of Education to promulgate regulations establishing licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#). Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

As the options available to Virginia's public school students through virtual learning programs continue to expand, requirements for teachers assigned to teach only online courses need to be addressed. The Board of Education's *Licensure Regulations for School Personnel* do not specifically address requirements for teachers who teach only online courses. The legislation requires the establishment of a license and criteria for obtaining the license.

The legislation made clear that individuals who already hold five-year renewable licenses issued by the Board of Education may teach online courses for which they are properly endorsed. These license holders will not be required to seek the new license type that will be established.

The Virginia Board of Education will amend the *Licensure Regulations for School Personnel* to add a license and criteria for obtaining a license for teachers who teach only online courses. A committee was

convened and developed draft regulatory text. The proposed text was presented to the Advisory Board on Teacher Education and License. This Advisory Board made a recommendation to the Virginia Board of Education regarding the amendment to the regulations.

## Acronyms and Definitions

*Please define all acronyms used in the Agency Background Document. Also, please define any technical terms that are used in the document that are not also defined in the "Definition" section of the regulations.*

---

The following definitions were added to the proposed text:

- "Accredited virtual school or program" means a virtual school or program accredited by one of the accrediting agencies recognized by the Virginia Department of Education. School divisions operating as multidivision online providers may be deemed as meeting accreditation requirements if a majority of its schools are fully accredited by the Virginia Board of Education.
- "Online Teacher License" means a five-year, renewable license valid only for teaching online courses. [Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed and do not need to seek this license.]

## Legal basis

*Please identify the state and/or federal legal authority to promulgate this proposed regulation, including (1) the most relevant citations to the Code of Virginia or General Assembly chapter number(s), if applicable, and (2) promulgating entity, i.e., agency, board, or person. Your citation should include a specific provision authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency/board/person's overall regulatory authority.*

---

[House Bill 578](#) amends § [22.1-298.1](#) of the *Code of Virginia* to state: "The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#). Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed."

In addition, § [22.1-16](#) of the *Code of Virginia* authorizes the Board of Education to adopt bylaws for its own government and promulgate such regulations as may be necessary to carry out its powers and duties and the provisions of this title.

## Purpose

*Please explain the need for the new or amended regulation by (1) detailing the specific reasons why this regulatory action is essential to protect the health, safety, or welfare of citizens, and (2) discussing the goals of the proposal, the environmental benefits, and the problems the proposal is intended to solve.*

---

[House Bill 578](#), passed by the General Assembly during the 2012 Session, amends the *Code of Virginia* to require the Board of Education to promulgate regulations establishing licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#). Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

As the options available to Virginia’s public school students through virtual learning programs continue to expand, requirements for teachers assigned to teach only online courses need to be addressed. The Board of Education’s *Licensure Regulations for School Personnel* do not specifically address requirements for teachers who teach only online courses. The legislation requires the establishment of a license and criteria for obtaining the license.

The legislation made clear that individuals who already hold five-year renewable licenses issued by the Board of Education may teach online courses for which they are properly endorsed. These license holders will not be required to seek the new license type that will be established.

**Substance**

*Please briefly identify and explain new substantive provisions (for new regulations), substantive changes to existing sections or both where appropriate. (More detail about all provisions or changes is requested in the “Detail of changes” section.)*

Section [22.1-298.1](#) of the *Code of Virginia* states that the Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#). Such license shall be valid only for teaching online courses. Teachers who hold a five-year renewable license issued by the Board of Education may teach online courses for which they are properly endorsed.

Existing *Licensure Regulations for School Personnel* must be amended to conform to the *Code of Virginia*. Sections proposed to be changed include the following sections: **8VAC20-22-10. Definitions; 8VAC20-22-50. Types of licenses; dating licenses; 8VAC20-22-90. Alternate routes to licensure; and 8VAC20-22-110-Requirements for renewing a license.**

**Issues**

*Please identify the issues associated with the proposed regulatory action, including:*

- 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions;*
- 2) the primary advantages and disadvantages to the agency or the Commonwealth; and*
- 3) other pertinent matters of interest to the regulated community, government officials, and the public.*

*If the regulatory action poses no disadvantages to the public or the Commonwealth, please indicate.*

The primary advantage of the addition of the Online Teacher License to the licensure regulations is that it provides a route for individuals seeking licensure through an alternate route to become licensed by the Board of Education and employed by a multidivision online provider. The license also is applicable to teachers in public schools or accredited nonpublic schools who are teaching only online courses.

The regulatory action poses no disadvantages to the public or the Commonwealth.

**Requirements more restrictive than federal**

*Please identify and describe any requirements of the proposal, which are more restrictive than applicable federal requirements. Include a rationale for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.*

There are no applicable federal requirements related to this regulatory revision.

**Localities particularly affected**

*Please identify any locality particularly affected by the proposed regulation. Locality particularly affected means any locality which bears any identified disproportionate material impact which would not be experienced by other localities.*

There are no localities particularly affected by the proposed regulation.

**Public participation**

*Please include a statement that in addition to any other comments on the proposal, the agency is seeking comments on the costs and benefits of the proposal and the impacts of the regulated community.*

In addition to any other comments, the board/agency is seeking comments on the costs and benefits of the proposal and the potential impacts of this regulatory proposal. Also, the agency/board is seeking information on impacts on small businesses as defined in § 2.2-4007.1 of the *Code of Virginia*. Information may include 1) projected reporting, recordkeeping and other administrative costs, 2) probable effect of the regulation on affected small businesses, and 3) description of less intrusive or costly alternative methods of achieving the purpose of the regulation.

Anyone wishing to submit written comments may do so via the Regulatory Town Hall website (<http://www.townhall.virginia.gov>), or by mail, email or fax to **[insert staff contact person’s name, mailing address, phone number, fax number and email address]**. Written comments must include the name and address of the commenter. In order to be considered, comments must be received by midnight on the last date of the public comment period.

**[The following paragraph is optional:]**

A public hearing will be held after this regulatory stage is published in the *Virginia Register of Regulations* and notice of the hearing will be posted on the Virginia Regulatory Town Hall website (<http://www.townhall.virginia.gov>) and on the Commonwealth Calendar website (<http://www.virginia.gov/cmsportal3/cgi-bin/calendar.cgi>). Both oral and written comments may be submitted at that time.

**Economic impact**

*Please identify the anticipated economic impact of the proposed new regulations or amendments to the existing regulation. When describing a particular economic impact, please specify which new requirement or change in requirements creates the anticipated economic impact.*

<p><b>Projected cost to the state to implement and enforce the proposed regulation, including (a) fund source, and (b) a delineation of one-time versus on-going expenditures.</b></p>	<p>The Commonwealth charges fees for licensure – [\$50 (in-state) and \$75 (out-of-state) application fee; \$25 renewal fee]; therefore, individuals seeking the Online Teacher License are subject to the payment of the fees. These fees are to assist with the operation of the Teacher Education and Licensure Office.</p>
<p><b>Projected cost of the <i>new regulations or changes to existing regulations</i> on localities.</b></p>	<p>None. The application fee for the license is the responsibility of the applicant. [Current law requires that all teachers hold a license issued by the Board of Education.]</p>
<p><b>Description of the individuals, businesses or other entities likely to be affected by the <i>new regulations or changes to existing regulations</i>.</b></p>	<p>Multidivision online providers will be the primary businesses that will be positively affected by the new regulations. Virginia school divisions and accredited nonpublic schools offering online courses also may have individuals who seek the Online Teacher License.</p>
<p><b>Agency’s best estimate of the number of such entities that will be affected. Please include an estimate of the number of small businesses affected.</b> Small business means a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than 500 full-time employees or has gross annual sales of less than \$6 million.</p>	<p>There are 20 approved multidivision online providers.</p> <p>Virginia school divisions offering online courses also may have individuals who seek the Online Teacher License.</p>
<p><b>All projected costs of the <i>new regulations or changes to existing regulations</i> for affected individuals, businesses, or other entities. Please be specific and include all costs. Be sure to include the projected reporting, recordkeeping, and other administrative costs required for compliance by small businesses. Specify any costs related to the development of real estate for commercial or residential purposes that are a consequence of the proposed regulatory changes or new regulations.</b></p>	<p>The projected number of Online Teacher Licenses that will be issued is small. This license was established for a small number of individuals. The costs to the agency will be minimal and absorbed within the agency.</p>
<p><b>Beneficial impact the regulation is designed to produce.</b></p>	<p>Individuals assigned to teach only online courses may seek the Online Teacher License which will assist those individuals who are interested in becoming licensed through an alternate route. Teachers who hold a teaching license in Virginia do not need to seek this license type as they are authorized to teach online courses.</p>

**Alternatives**

*Please describe any viable alternatives to the proposal considered and the rationale used by the agency to select the least burdensome or intrusive alternative that meets the essential purpose of the action.*

*Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in §2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulation.*

Because [House Bill 578](#) requires the promulgation of regulations establishing “licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#),” no other alternative has been considered.

**Regulatory flexibility analysis**

*Please describe the agency’s analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.*

Because [House Bill 578](#) requires the promulgation of regulations establishing “licensure requirements for teachers who teach only online courses, as defined in § [22.1-212.23](#),” no other alternative regulatory methods were applicable.

**Public comment**

*Please summarize all comments received during the public comment period following the publication of the NOIRA, and provide the agency response.*

No comments were received.

**Family impact**

*Please assess the impact of the proposed regulatory action on the institution of the family and family stability including to what extent the regulatory action will: 1) strengthen or erode the authority and rights of parents in the education, nurturing, and supervision of their children; 2) encourage or discourage economic self-sufficiency, self-pride, and the assumption of responsibility for oneself, one’s spouse, and one’s children and/or elderly parents; 3) strengthen or erode the marital commitment; and 4) increase or decrease disposable family income.*

The proposed amendments will address the licensure of teachers assigned to only teach online courses, further ensuring educational quality for Virginia’s public school students.

**Detail of changes**

*Please list all changes that are being proposed and the consequences of the proposed changes. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact. Please describe the difference between existing regulation(s) and/or agency practice(s) and what is being proposed in this regulatory action.*

*If the proposed regulation is intended to replace an emergency regulation, please list separately (1) all differences between the **pre-emergency regulation** and this proposed regulation, and (2) only changes made since the publication of the emergency regulation.*

		<p>they are assigned.</p> <p>2. Professional conference. A professional conference is a workshop, institute, or seminar of four or more hours that contributes to ongoing, sustained, and high-quality professional development.</p> <p>3. Curriculum development. Curriculum development is a group activity in which the license holder contributes to the improvement of the curriculum of a school, a school division, or an education institution in the teaching area assigned. This includes the alignment of curriculum frameworks, instructional materials, and assessments to provide a system with clear expectations of what is to be taught and learned.</p> <p>4. Publication of article. The article must contribute to the education profession or to the body of knowledge of the license holder's teaching area or instructional position. Grant reports that present the results of educational research are acceptable provided the license holder had an active role in planning, analyzing, interpreting, demonstrating, disseminating, or evaluating the study or innovation. The article must be published in a recognized professional journal.</p> <p>5. Publication of book. Books must be published for purchase and must contribute to the education profession or to the body of knowledge of the license holder's teaching area or instructional position. The published book must increase the field of content knowledge, planning and assessment for evaluating and providing students with feedback that encourages student progress and measures student achievement, instruction, safety and learning environment, communication and community relations working with students,</p>

		<p>parents, and members of the community to promote broad support for student learning. Points will not be awarded for books self-published.</p> <p>6. Mentorship. Mentoring is the process by which an experienced professional, who has received mentorship training, provides assistance to one or more persons for the purpose of improving their performance. Assistance may involve role modeling, direct instruction, demonstration, observation with feedback, developing of plans, and consultation to promote instructional excellence and increased student achievement. Mentoring may include the supervision of a field experience of a preservice student teacher or an intern in an approved teacher/principal preparation program, as well as mentoring as part of the induction process for a beginning teacher or a first-year administrator. Individuals serving in this role and submitting documentation for license renewal based on the mentorship option shall receive training as a mentor prior to the assignment and at least once during the five-year renewal cycle.</p> <p>7. Educational project. Educational projects must be planned, focused projects based on high standards of teaching and learning. Projects must result in a written report or other tangible product. Projects must contribute to the education profession or to the body of knowledge of the license holder's teaching area or instructional position. A project could include participation in new professional responsibilities, such as leading a school improvement initiative.</p> <p>8. Professional development activity. Professional development activities must focus on student learning and achievement, schoolwide</p>

Technical Professional License holders without baccalaureate degrees may satisfy the requirement through career and technical education workshops, career and technical education institutes, or through undergraduate coursework at two-year or four-year institutions.</p> <p>E. Content area courses are courses at the undergraduate level (two-year or four-year institution) or at the graduate level that will not duplicate previous courses taken in the humanities, history and social sciences, the sciences, mathematics, health and physical education, and the fine arts. These courses are usually available through the college or department of arts and sciences. License holders with elementary education, middle education, special education, or reading endorsements must satisfy the 90-point requirement through reading coursework or content coursework in one of the areas listed above. Courses available through a regionally accredited college's or institution's department of education may be used to satisfy the content requirement for those license holders with endorsements in health and physical education, career and technical education, and library science education.</p> <p>F. 		<p>teacher.</p> <p>G. The remaining 90 points may be accrued by activities drawn from one or more of the eight renewal options. Renewal work is designed to provide licensed personnel with opportunities for professional development relative to the grade levels or teaching fields to which they are assigned or for which they seek an added endorsement. Such professional development encompasses (i) responsible remediation of any area of an individual's knowledge or skills that fail to meet the standards of competency and (ii) responsible efforts to increase the individual's knowledge of new developments in his field and to respond to new curricular demands within the person's area of professional competence.</p> <p>H. The proposed work toward renewal in certain options must be approved in advance by the chief executive officer or designee of the employing educational agency. Persons who are not employed by an educational agency may renew or reinstate their license by submitting to the Office of Professional Licensure, Department of Education, their individualized renewal record and verification of points, including official student transcripts of coursework taken at an accredited two-year or four-year college or university.</p> <p>I.
