Small business impact

In order to minimize the economic impact of regulations on small business, please include, pursuant to § 2.2-4007.1 E and F, a discussion of the agency's consideration of: 1) the continued need for the regulation; 2) the nature of complaints or comments received concerning the regulation from the public; 3) the complexity of the regulation; 4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and 5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area

affected by the regulation. Also, include a discussion of the basis for the agency's determination to retain the regulation as is, consistent with the stated objectives of applicable law, to minimize the economic impact of regulations on small businesses.

Code of Virginia § 54.1-201.5 mandates the Board for Barbers and Cosmetology to promulgate regulations. The continued need for the regulation is established in statute. Repeal of the regulation would remove the current public protections provided by the regulation. The Board for Barbers and Cosmetology provides protection to the safety and welfare of the citizens of the Commonwealth by ensuring that only those individuals that meet specific criteria set forth in the statutes and regulations are eligible to receive a body-piercing, and salon license, or Apprenticeship permit. The Board is also tasked with ensuring that its regulants meet standards of practice that are set forth in the regulations.

Since no complaints or comments were received during the public comment period, there does not appear to be a reason to amend or repeal the regulation. The regulation is clearly written, easily understandable, and does not overlap, duplicate or conflict with federal or state law or regulation.

The most recent evaluation occurred in 2011.

On November 2, 2015, the Board reviewed the regulation and, for the reasons stated in this section, determined that the regulation should not be amended or repealed, but should be retained in its current form.
