State Compensation Board Update

Ms. deSocio provided an update from the Compensation Board. The General Assembly adjourned with a budget that differed from the introduced budget. The budget approved by the legislature includes a 3% increase across the board salary increase for state employees and state supported local employees, effective July 1st of each year. It will cover the Compensation Board funded positions, including constitutional officers, regional jails and their employees. House Bill 1 and Senate Bill 1 were identical, proposing changes to the State's minimum wage, increasing it from \$12.00 per hour to \$13.50 per hour on January 1, 2025 and \$15 per hour on January 1, 2026. Should House Bill 1 be enacted, there will be funding in the state budget to bring any Compensation Board funded positions that aren't making the new minimum salary amount up to the new state minimum wage. If House Bill 1 is not signed there will be a one-time bonus for all employees in the second year of the budget of 1.375%. Budget estimates will be available by the end of the day on March 22nd based on the changes by the legislature, and the final budgets will be approved by the Board and available on May 1st .
