<b>Committee Member Report</b>	<p>Karen reported that the new Assistant Manager had started and that she would be present at the next Provider Health and Safety Committee Meeting. The project is focused on providing information and resources to help responders who experience vicarious trauma.</p> <p>Bryan M. brought up an article that was published in EMS world on EMS Operations. Looking really hard at the mental health side of things, especially after the agency accident. The biggest issue that they have seen in the agency is coming to work ready</p> <p>Steve mentioned a new message that is being pushed regarding the increasing number of suicides in public safety. There are more avenues for reporting. Karen stated that three agencies have signed the pledge along with provider pledges.</p> <p>Discussion was held regarding the desire for each agency to have a safety champion. Brian H. stated that we can provide best practices for those agencies that need assistance.</p>	
<b>New Business</b>	<p>The committee reviewed the Ambulance Safety Document provided by Michael Berg and the Transportation Committee. Jack provided his comments via e-mail and they all seemed fairly straightforward.</p> <p>Brian H. stated that the first part is a very long executive summery. He would recommend that they add the use of intermittent audible sounds when approaching the intersection. Also, remove the word ambulance driver from the entire document</p>
