

SUMMARY

The following changes are all of the substantive changes to the Virginia Industrialized Building Safety Regulations (13 VAC 5-91-10 et seq.) being proposed by the Board;

- (i) To delete section 13 VAC 5-91-120 B regarding "warning signs."
- (ii) To delete section 13 VAC 5-91-230(4) requiring the manufacturer to include the name and model numbers of appliances installed in industrialized buildings.
