Brief summary

Please provide a brief summary (no more than 2 short paragraphs) of the proposed new regulation, proposed amendments to the existing regulation, or the regulation proposed to be repealed. Alert the reader to all substantive matters or changes.

As the result of a comprehensive review of all of its regulations, TAX has identified numerous regulations that address statutes that are clear and unambiguous. As they provide no additional guidance, these regulations are being repealed. Repeal of these regulations does not reflect a change in existing departmental policy.

Statement of final agency action

Please provide a statement of the final action taken by the agency including (1) the date the action was taken, (2) the name of the agency taking the action, and (3) the title of the regulation.

The Tax Commissioner approved the repeal of these regulations in the Intangible Personal Property Tax Regulations chapter on October 14, 2005.

Legal basis

Please identify the state and/or federal legal authority to promulgate this proposed regulation, including (1) the most relevant law and/or regulation, including General Assembly chapter number(s), if applicable, and (2) promulgating entity, i.e., the agency, board, or person. Describe the scope of the legal authority and the extent to which the authority is mandatory or discretionary.

Code of Virginia § 58.1-203 provides that the “Tax Commissioner shall have the power to issue regulations relating to the interpretation and enforcement of the laws of this Commonwealth governing taxes administered by the Department.” The authority for the current regulatory action is discretionary.

Purpose

Please explain the need for the new or amended regulation. Describe the rationale or justification of the proposed regulatory action. Detail the specific reasons the regulation is essential to protect the health, safety or welfare of citizens. Discuss the goals of the proposal and the problems the proposal is intended to solve.

As the result of a comprehensive review of all of its regulations, TAX has identified numerous regulations that address statutes that are clear and unambiguous. As they provide no additional guidance, these regulations are being repealed. As these regulations are unnecessary, their repeal will have no effect on the health, safety and welfare of citizens. Repeal of these regulations does not reflect a change in existing departmental policy.

Rationale for using fast track process

Please explain the rationale for using the fast track process in promulgating this regulation. Please note: If an objection to the use of the fast-track process is received within the 60-day public comment period from 10 or more persons, any member of the applicable standing committee of either house of the General Assembly or of the Joint Commission on Administrative Rules, the agency shall (i) file notice of the objection with the Registrar of Regulations for publication in the Virginia Register, and (ii) proceed with the normal promulgation process with the initial publication of the fast-track regulation serving as the Notice of Intended Regulatory Action.

As the regulations being repealed are unnecessary, their repeal is not expected to be controversial.

Please briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both where appropriate. (Provide more detail about these changes in the “Detail of changes” section.)

Issues

Please identify the issues associated with the proposed regulatory action, including:

- 1) *the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions;*
- 2) *the primary advantages and disadvantages to the agency or the Commonwealth; and*
- 3) *other pertinent matters of interest to the regulated community, government officials, and the public.*

If there are no disadvantages to the public or the Commonwealth, please indicate.

Alternatives

Please describe any viable alternatives to the proposal considered and the rationale used by the agency to select the least burdensome or intrusive alternative that meets the essential purpose of the action.

Please assess the impact of the proposed regulatory action on the institution of the family and family stability.

As the regulations being repealed are unnecessary, their repeal is not expected to have any significant impact on Virginia’s families.
