Re: Authority to Promulgate Exempt Final Regulation H10, Ambient Air Quality Standard for SO₂, 9 VAC 5-30 *et seq.*

Dear Director Paylor:

I have reviewed the above-referenced regulation. It is my opinion that the State Air Pollution Control Board has authority to promulgate this regulation under applicable law, including Chapter 13 of Title 10.1 of the Code of Virginia and that the proposed amendment comports with applicable state law. Further, it is my opinion that the regulation meets the exemption set forth in Va. Code § 2.2-4006(A)(4)(c) as necessary to meet the requirements of the federal Clean Air Act and does not differ materially from the pertinent U.S. Environmental Protection Agency regulations.

If I may be of any further assistance to you relating to this matter, please do not hesitate to contact me.

Sincerely,
