- VIII. Adjourn

**IMPORTANT REMINDER:** The next meeting will be Tuesday, November 6 at 1:00 pm at the Norfolk Waterside Marriott, 235 E. Main Street, Norfolk, VA 23510

**Goals and Objectives**

**Goal 1: Complete a resource assessment for the trauma system as it relates to post-acute care /rehabilitation**

Objective ID	Objective
PAC 1.1	Complete a comprehensive system status inventory that identifies the availability and distribution of current capabilities and resources.

**Goal 2: Integrate adequate rehabilitation facilities into the trauma system and ensure these resources are made available to all populations requiring them**

Objective ID	Objective
PAC 2.1	Incorporate within the trauma system plan and the trauma center standards requirements for post-acute services, including interfacility transfer of trauma patients to rehabilitation centers.
PAC 2.2	Rehabilitation centers and outpatient rehabilitation services provide data on trauma patients to the central trauma system registry that include final disposition, functional outcome, and rehabilitation costs and also participate in performance improvement processes.

**Trauma System Plan Task Force Mission, Vision, Values and Code of Conduct**

**Mission Statement**

- To reduce the burden of preventable injury and to deliver the highest quality, evidence-based care for all within the Commonwealth along the continuum of care from the prehospital setting, through definitive acute care and rehabilitation with data analysis, quality improvement and ongoing funding.

**Vision Statement**

- The Commonwealth of Virginia trauma system will be a high quality, cost effective, accessible statewide system of injury prevention and trauma care for all.

**Values**

- Effective: Successful in producing the intended results in terms of injury prevention and optimal care to the injured in Virginia.
- Efficiency: The ability to perform a defined task or deliver a specific outcome with a minimum amount of waste, expense or unnecessary effort.
- Timely: Patients should experience no waits or delays in receiving care and service. Critical access facilities should experience no delay in consults or transferring injured patients.
- Safety: Avoiding harm to patients in the process of providing care for the medical condition needing treatment.

- Equitable: All citizens of and visitors to the Commonwealth should have equal access to high quality care.
- Patient Centered/Focused: Care that is respectful of and responsive to individual patient preference, needs and values and ensures that patient values guide all clinical decisions.

#### **Code of Conduct**

- Accountability: The obligation of one party to provide justification and be held responsible for their actions/results by another interested party.
- Commitment: Being bound emotionally or intellectually to a course of action.
- Compassion: Sympathetic consciousness of the suffering of the injured patients and concern for their loved ones, together with a desire to alleviate the suffering and its source.
- Collaboration: Health providers from different professions providing comprehensive services by working with people, their families, care providers, and communities to deliver the highest quality of care across settings.
- Honesty: Will not condone or engage in any behavior which would provide false or misleading statements to patients, their families and healthcare organizations related to the care of the patient.
- Transparency: Readily understood, honest and open; not secretive.
- Respectful Communication: Opinions, feelings and attitudes will be expressed honestly and in a way that respects the rights of others.
