RE: Review of Proposed Fast-Track Amendments to Regulation — 9 VAC 25-210-300 *et seq.*, specifically, 9 VAC 25-210-320, 9 VAC 25-210-340, and 9 VAC 25-210-360 (the “Regulation”)

*Please note that this memorandum does not constitute an opinion, formal or informal, of the Attorney General. Rather, this memorandum contains the legal analysis of the individual staff member providing it.*

In response to a request from the Department of Environmental Quality, I have reviewed the above-referenced Regulation, which constituted Tab D of the State Water Control Board’s April 7, 2026 meeting agenda. The Regulation is being amended as a fast-track regulatory action pursuant to Va. Code § 2.2-4012.1.

It is my opinion that the State Water Control Board has the authority to amend the Regulation pursuant to Va. Code §§ 62.1-44.15 and 62.1-44.15:22. After reviewing the Regulation, it is my opinion that the State Water Control Board has the authority to so amend 9 VAC 25-210-300 *et seq.*, specifically, 9 VAC 25-210-320, 9 VAC 25-210-340, and 9 VAC 25-210-360.
