Cost Benefit Analysis

Complete Tables 1a and 1b for all regulatory actions. You do not need to complete Table 1c if the regulatory action is required by state statute or federal statute or regulation and leaves no discretion in its implementation.

Table 1a should provide analysis for the regulatory approach you are taking. Table 1b should provide analysis for the approach of leaving the current regulations intact (i.e., no further change is implemented). Table 1c should provide analysis for at least one alternative approach. You should not limit yourself to one alternative, however, and can add additional charts as needed.

Report both direct and indirect costs and benefits that can be monetized in Boxes 1 and 2. Report direct and indirect costs and benefits that cannot be monetized in Box 4. See the ORM Regulatory Economic Analysis Manual for additional guidance.

Table 1a: Costs and Benefits of the Proposed Changes (Primary Option)

(1) Direct & Indirect Costs & Benefits (Monetized)	As part of a regulatory action (here) that was aimed at regulatory reduction, the Board removed from regulation a list of continuing education sponsors. This list was taken verbatim and moved into this guidance document. The primary advantage of this change is it allows the Board to more easily edit the list of approved continuing education sponsors in the future while also counting towards the Board's regulatory reduction goal. This document also reminds licensees when looking for approved continuing education sponsors of the requirement of licensees to maintain current CPR training. This guidance document action has no direct or indirect costs or benefits.	
(2) Present Monetized Values	Direct & Indirect Costs	Direct & Indirect Benefits
	(a) N/A	(b) N/A
(3) Net Monetized Benefit	N/A	
(4) Other Costs & Benefits (Non-Monetized)	N/A

Table 1b: Costs and Benefits under the Status Quo (No change to the regulation)

(1) Direct & Indirect Costs & Benefits (Monetized)	Currently there is no list of approved continuing education sponsors anywhere, which could create confusion amongst licensees and cause some to not complete their continuing education requirements, possibly bringing them before the Board for discipline.	
(2) Present Monetized Values	Direct & Indirect Costs	Direct & Indirect Benefits
	(a) Possible disciplinary cost	(b) None
(3) Net Monetized Benefit	Net cost	
(4) Other Costs & Benefits (Non-Monetized)	N/A
