## Memorandum

To: Chairman Brink, Vice-Chair O'Bannon, and  
Secretary LeCruise

From: Paul Saunders, Elections Administration Supervisor

Date: November 18, 2020 (continuation from November 16, 2020)

Re: Certification of the November 3, 2020 General and Special Elections

---

**Applicable Code Sections:** §§ 24.2-675, 24.2-679, 24.2-680 and 24.2-948.2.

**Background:** In preparation for this State Board of Elections meeting, at which election results from the 2020 November General and Special Elections will be certified, staff members at the Department of Elections (“ELECT”) complete a number of verification procedures to ensure that all relevant election data entered into the Virginia Election and Registration System (VERIS) by the localities appear to accurately reflect the results of November 2020 General Election (§ 24.2-679). ELECT staff verify that voter turnout and provisional voter turnout values have been entered for each precinct. When voter turnout has not been entered by a locality, ELECT staff ask for the voter turnout to be entered by the locality as quickly as possible. ELECT staff verify that a locality’s abstract vote totals for each candidate thereon match the election results that have been entered into VERIS. When the voter turnout and election results have been entered, ELECT staff run several VERIS election results error check reports to verify the apparent accuracy of the local data entered. When it becomes apparent that a corrected abstract is needed through this error review process, ELECT staff request that the locality complete an amended abstract per § 24.2-675. This verification by ELECT staff positions the State Board to better understand and be confident in the election results reported by each jurisdiction.

ELECT staff brings copies of each locality’s abstract of votes for each office being certified by the State Board. ELECT staff also prepares a written statement document for the Board Members to sign once the abstract totals have been read and confirmed to be accurately reflected on the written statement.

ELECT staff also prepares certificates of elections for those apparent winners. After the election results are

confirmed, the three Members of the State Board sign the certificates of election for each successful candidate. ELECT staff must review the requirements of § 24.2-948.2, if applicable, before issuing certificates to the successful candidates.

**Suggested Motion:**

“After reviewing the Abstracts of Votes Cast in the 2020 November General and Special Elections for Electors for President and Vice President of the United States, Member of the United States Senate, Member of the United States House of Representatives District 4, and the votes cast for and against Constitutional Amendment Question One, and Constitutional Amendment Question Two, I move that the Board certify the statements to be correct and sign the statements and certificates of election.”

**Offices certified by the State Board of Elections:** The 2020 November General and Special Elections included races for fourteen offices and two proposed constitutional amendments, the results of which must be endorsed and subscribed on a certified statement from the State Board of Elections. § 24.2-679.
