However, the agency may still be required to comply with the Virginia Register Act, Executive Order 14 (as amended, July 16, 2018), the Regulations for Filing and Publishing Agency Regulations (1 VAC7-10), and the *Virginia Register Form, Style, and Procedure Manual for Publication of Virginia Regulations*.

Brief Summary

Please provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

The Board has adopted a reduction in the renewal and late renewal fees for asbestos worker, asbestos supervisor, asbestos inspector, asbestos management planner, asbestos project designer, asbestos project monitor, asbestos analytical laboratory and asbestos contractor licenses as well as accredited asbestos training programs. Fee reductions will remain effective until February 2021.

Mandate and Impetus

Please identify the mandate for this regulatory change, and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, internal staff review, petition for rulemaking, periodic review, board decision, etc.). "Mandate" is defined as "a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part."

The purpose of the fee reductions is to reduce an accumulated budget surplus and remain in compliance with the Callahan Act (§ 54.1-113 of the Code of Virginia). At the close of each biennium, the Department of Professional and Occupational Regulation is required to review each board's financial position to determine whether fees need to be adjusted to ensure that revenues are sufficient, but not excessive, to cover the board's operating expenses. This regulatory action is exempt from the Administrative Process Act pursuant to Va. Code § 2.2-4006(A)(6).

Statement of Final Agency Action

Please provide a statement of the final action taken by the agency including: 1) the date the action was taken; 2) the name of the agency taking the action; and 3) the title of the regulation.

The Board for Asbestos, Lead and Home Inspectors authorized an exempt action for the Asbestos Licensing Regulations on November 7, 2019.

In addition, as required by § 2.2-4007.1 E and F of the Code of Virginia, include a discussion of the agency's consideration of: (1) the continued need for the regulation; (2) the nature of complaints or comments received concerning the regulation from the public; (3) the complexity of the regulation; (4) the extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and (5) the length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation.

This action is not the result of a periodic review or small business impact review.
