Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

These regulation amendments would shift Charles City County from the 4-week fall turkey season to the 6-week fall turkey season as turkey populations in that county can support additional hunting opportunity and remove the 1 bird per weekend bag limit for the spring and fall turkey youth and apprentice hunter weekends, making the turkey bag limit 1 bird per day for all turkey hunting seasons.

Mandate and Impetus

Identify the mandate for this regulatory change, and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, internal staff review, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, "mandate" has the same meaning as defined

in the ORM procedures, “a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part.”

The impetus for this regulatory amendment is the Board’s biennial periodic review of its hunting, trapping, and wildlife-related regulations. Internal staff review, wildlife management and recreation goals, and consideration of public input through the Board’s regulation review and amendment process deemed these amendments advisable.
