Brief summary

Please provide a brief summary (preferably no more than 2 or 3 paragraphs) of the proposed new regulation, proposed amendments to the existing regulation, or the regulation proposed to be repealed. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

This regulatory action will amend 23 VAC 10-55-40 to update the Corn Excise Tax rate to the rate provided in the statute (1 cent per bushel) and strike language that provides no guidance beyond the plain meaning of the statutes. The regulatory action will also repeal 23 VAC 10-55-50, Records to be kept by handlers, as it provides no guidance beyond the plain meaning of the statutes to which it applies and it is not necessary to protect the public health, safety, or welfare.

The Corn Excise Tax is levied on corn produced in Virginia for sale. The tax is remitted quarterly and the revenues deposited into the Corn Fund. The Corn Board uses these funds to provide for programs of market development, education, publicity, research, and the promotion of the sale and use of corn.

The regulatory action does not reflect any change in current tax policy and will have no impact on the administration of the Corn Excise Tax.

Your citation should include a specific provision authorizing the promulgating entity to regulate this specific subject or program, as well as a reference to the agency/board/person's overall regulatory authority.

Purpose

Please explain the need for the new or amended regulation. Describe the rationale or justification of the proposed regulatory action. Describe the specific reasons the regulation is essential to protect the health, safety or welfare of citizens. Discuss the goals of the proposal and the problems the proposal is intended to solve.

This regulatory action is needed to update the Corn Excise Tax rate to the rate provided in the statute (1 cent per bushel) and strike language that provides no guidance beyond the plain meaning of the statutes. The regulatory action does not reflect any change in current tax policy and will have no impact on the administration of the Corn Excise Tax.

Rationale for using fast-track process

Please explain the rationale for using the fast-track process in promulgating this regulation. Why do you expect this rulemaking to be noncontroversial?

The Department is using the fast-track process because amending the Corn Excise Tax Regulation to update the tax rate and to repeal language that provides no guidance beyond the plain meaning of the statute is expected to be noncontroversial.

Substance

Please briefly identify and explain the new substantive provisions, the substantive changes to existing sections, or both. A more detailed discussion is provided in the "Detail of changes" section below.

This action will amend the Corn Excise Tax Regulation to update the tax rate and to repeal language that provides no guidance beyond the plain meaning of the statute. The Corn Excise Tax is levied on corn produced in Virginia for sale. The tax is remitted quarterly and the revenues deposited into the Corn Fund. The Corn Board uses these funds to provide for programs of market development, education, publicity, research, and the promotion of the sale and use of corn.

The regulatory action does not reflect any change in current tax policy and will have no impact on the administration of the Corn Excise Tax.

Issues

Please identify the issues associated with the proposed regulatory action, including: 1) the primary advantages and disadvantages to the public, such as individual private citizens or businesses, of implementing the new or amended provisions; 2) the primary advantages and disadvantages to the agency or the Commonwealth; and 3) other pertinent matters of interest to the regulated community, government officials, and the public. If there are no disadvantages to the public or the Commonwealth, please indicate.

As the regulation will update the tax rate to the rate provided in statute and repeal language that provides no additional guidance to statutes that are clear and unambiguous, there are no issues or disadvantages to the public or the Commonwealth associated with this regulatory action.

Requirements more restrictive than federal

Please identify and describe any requirement of the proposal which is more restrictive than applicable federal requirements. Include a rationale for the need for the more restrictive requirements. If there are no applicable federal requirements or no requirements that exceed applicable federal requirements, include a statement to that effect.

There are no applicable federal requirements.

Localities particularly affected

Please identify any locality particularly affected by the proposed regulation. Locality particularly affected means any locality which bears any identified disproportionate material impact which would not be experienced by other localities.

No locality would be particularly affected by the repeal of this regulation.

Regulatory flexibility analysis

Pursuant to § 2.2-4007.1B of the Code of Virginia, please describe the agency’s analysis of alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small business. Alternative regulatory methods include, at a minimum: 1) the establishment of less stringent compliance or reporting requirements; 2) the establishment of less stringent schedules or deadlines for compliance or reporting requirements; 3) the consolidation or simplification of compliance or reporting requirements; 4) the establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and 5) the exemption of small businesses from all or any part of the requirements contained in the proposed regulation.

As this regulatory action will update the tax rate to the rate provided in statute and repeal language that provides no additional guidance to statutes that are clear and unambiguous, this regulatory action will have no impact on businesses. The only alternative to this action would be to leave in place the incorrect tax rate and unnecessary language.

Economic impact

Please identify the anticipated economic impact of the proposed new regulations or amendments to the existing regulation. When describing a particular economic impact, please specify which new requirement or change in requirement creates the anticipated economic impact.

Also, include discussion of less intrusive or less costly alternatives for small businesses, as defined in § 2.2-4007.1 of the Code of Virginia, of achieving the purpose of the regulation.

Detail of changes

Please list all changes that are being proposed and the consequences of the proposed changes; explain the new requirements and what they mean rather than merely quoting the proposed text of the regulation. If the proposed regulation is a new chapter, describe the intent of the language and the expected impact. Please describe the difference between existing regulation(s) and/or agency practice(s) and what is being proposed in this regulatory action. If the proposed regulation is intended to replace an emergency regulation, please follow the instructions in the text following the three chart templates below.

For changes to existing regulation(s), please use the following chart:

Current section number	Proposed new section number, if applicable	Current requirement	Proposed change, intent, rationale, and likely impact of proposed requirements
23VAC10-	Not applicable	Reiterates statutory	The amendment will update the tax rate

55-40		requirements regarding payment of the tax.	to the 1 cent per bushel rate currently set out in the statute and repeal language that provides no guidance beyond the plain meaning of the statute.
23VAC10-55-50	Not applicable	Reiterates statutory requirements regarding recordkeeping.	The regulatory action will repeal the section and would not affect the current statutory provisions.

If an existing regulation or regulations (or parts thereof) are being repealed and replaced by one or more new regulations, please use the following chart:

Current chapter-section number	Proposed new chapter-section number, if applicable	Current requirement	Proposed change, intent, rationale, and likely impact of proposed requirements

If a new regulation is being promulgated, that is not replacing an existing regulation, please use this chart:

Section number	Proposed requirements	Other regulations and law that apply	Intent and likely impact of proposed requirements

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation is identical to the emergency regulation, please choose and fill out the appropriate chart template from the choices above. In this case “current section number” or “current chapter-section number” would refer to the **pre-emergency** regulation.

If the proposed regulation is intended to replace an emergency regulation, and the proposed regulation includes changes since the emergency regulation, please create two charts: 1) a chart describing changes from the **pre-emergency** regulation to the proposed regulation as described in the paragraph above, and 2) a chart describing changes from the **emergency** regulation to the proposed regulation. For the second chart please use the following title: “Changes from the Emergency Regulation.” In this case “current section number” or “current chapter-section number” would refer to the **emergency** regulation.
