Brief Summary

Provide a brief summary (preferably no more than 2 or 3 paragraphs) of this regulatory change (i.e., new regulation, amendments to an existing regulation, or repeal of an existing regulation). Alert the reader to all substantive matters. If applicable, generally describe the existing regulation.

The Virginia Marine Resources Commission (VMRC) is repealing Chapter 4VAC20-810-10 et seq., "Opening of John East Turn and Poynter Rocks and Closing Beaseley Bay Rock and Deep Creek Channel, Buoy No. 7", to increase regulatory efficiency by reducing regulatory requirements.

Mandate and Impetus

Identify the mandate for this regulatory change and any other impetus that specifically prompted its initiation (e.g., new or modified mandate, internal staff review, petition for rulemaking, periodic review, or board decision). For purposes of executive branch review, "mandate" has the same meaning as defined in the

ORM procedures, “a directive from the General Assembly, the federal government, or a court that requires that a regulation be promulgated, amended, or repealed in whole or part.”

[Mandate] VMRC is authorized by § 28.2-201 of the Code of Virginia to promulgate regulations and guidelines necessary to carry out the provisions of Title 28.2, including marine fisheries regulations.

[Impetus] VMRC Commission Board currently establishes by regulation, Chapter 4VAC20-720-10 et seq., “Pertaining to Restrictions on Oyster Harvest”, the areas of public oyster harvest, public oyster harvest seasons and oyster resource conservation measures if they wish these to be different from those which are established by §28.2-506 of The Code of Virginia. This regulation supersedes other regulations, including Chapter 810 that in the past had addressed individual harvest areas. As such, there is no need for this regulation while Chapter 4VAC20-720-10 et seq., is in effect.
