3 The State Board of Elections board meeting was held on Tuesday, October 9, 2018
4 in Senate Room 3 of the Virginia State Capitol, Richmond, Virginia. In attendance: James
5 Alcorn, Chairman, Clara Belle Wheeler, Vice Chair, and Singleton McAllister, Secretary,
6 represented the State Board of Elections (“The Board”). On behalf of the Department of
7 Elections (“ELECT”) was Christopher E. “Chris” Piper, Commissioner, and Jessica
8 Bowman, Deputy Commissioner. In attendance, representing the Office of the Attorney
9 General (“OAG”), was Heather Hays Lockerman, Assistant Attorney General. Vice Chair
10 Wheeler called the meeting to order at 11:47 AM.

11 The first order of business was the Commissioner’s report, presented by
12 Commissioner Piper. The Commissioner said ELECT was working overtime to prepare
13 for the November General Election, and that staff had seen more interest and was expecting
14 higher voter participation than most midterm elections. Commissioner Piper stated that in
15 September 2014, the last midterm election, there were 16,578 new registrations; in
16 September 2018, there were 31,197 new registrations. The Commissioner noted there was
17 also an increase in absentee ballot requests, especially from college students. The number
18 of absentee ballot applications exceeded the number of those requested in 2017. The
19 Commissioner stated that ELECT and the elections community were prepared to deal with
20 the increase in these numbers.

21 Commissioner Piper said that ELECT was beginning to implement two-factor
22 authentication to improve security for the Virginia Election and Registration Information
23 System (“VERIS”). The authentication system was being rolled out, and would be
24 implemented across the state by October 28, at the latest. The Commissioner gave an
25 update on the Virginia Elections Benchmark Index Workgroup (“Benchmark
26 Workgroup”), informing the Board that the Benchmark Workgroup had split into
27 subgroups in order to focus on creating benchmarks for elections in Virginia.
28 Commissioner Piper stated that the subgroups would focus on collecting data, and how to
29 report the data; the members had also been collecting information on other states and the
30 election benchmarks set there. The Chair of the Benchmark Workgroup would give the
31 Board a full update in January. Commissioner Piper informed the Board on the progress

32 of the express advocacy regulation. The Commissioner stated ELECT had completed most
33 of the first phase in creating the regulation. There will be a public hearing at the November
34 19 Board meeting in order to move forward with the regulatory process.

35 Chairman Alcorn asked if there had been any pushback on the express advocacy
36 regulation in terms of content, or in terms of the regulatory process. Commissioner Piper
37 said no, and that the regulation had been published for public comment but had not received
38 any. Arielle A. Schneider, ELECT Policy Analyst, corrected the Commissioner, stating
39 the regulation had not yet been published, but would be published by October 19 to begin
40 receiving public comment. Chairman Alcorn asked if the Board needed to take an
41 affirmative vote to move the regulation forward for public comment, and Ms. Schneider
42 said that the Board did not need to take any further action.

43 Chairman Alcorn noted there had been concerns concerns from the elections
44 community on the timing of two-factor authentication implementation. The Chairman
45 recognized the importance of the increased security measure, but asked why ELECT had
46 waited until so close to the election to implement it. Commissioner Piper acknowledged
47 that the timing was not ideal, and said that staff ran into a number of issues in preparing
48 the process; but the Commissioner assured the Board that the transition would be smooth.
49 The Commissioner said after speaking with the elections community on their concerns,
50 including access for temporary staff, that most of the localities' concerns had been
51 addressed. The two-factor authentication would require staff to enter a password, and then
52 receive a voice call or text message with a code in order to log into VERIS. Chairman
53 Alcorn clarified that the measure was extra security, and that while the timing was not
54 ideal, that the process was useful and necessary. Commissioner Piper agreed, and said
55 input from the general registrars and electoral boards was valuable in creating the process
56 and ensuring the transition was smooth. Chairman Alcorn asked the Commissioner if there
57 was anything he was worried about in regards to the election. Commissioner Piper said
58 that while no one could be sure what could happen, ultimately, ELECT staff and localities
59 had been working hard on security, efficiency, communication, and more in order to be as
60 prepared as possible for November.

61 Chairman Alcorn asked the Commissioner about the duties of subgroups of the
62 Benchmark Workgroup. Commissioner Piper said the subgroups were focusing on

63 collecting data, reviewing and clarifying the Code requirements and assignments of
64 requirements, and how to best collect data. The Commissioner said the Benchmark
65 Workgroup had paused in their work.

66 Vice Chair Wheeler noted that during the Department of Motor Vehicles (“DMV”)
67 presentation a few months earlier, a state-to-state registration DMV check was mentioned.
68 The Vice Chair stated that the DMV was working with other states to identify voters who
69 may have applied to register to vote in other states. The Vice Chair asked if ELECT had
70 received any information from the DMV on this topic. Commissioner Piper said he
71 recently met with Commissioner Holcomb of the DMV on how to improve ELECT and
72 the DMV’s relationship and cooperation, and said the departments would meet closer to
73 the election; he would bring up the Vice Chair’s question with Commissioner Holcomb
74 then. The Commissioner stated that ELECT was participating in the Electronic
75 Registration Information Center (“ERIC”) program, as well as the Interstate Crosscheck
76 program (“Crosscheck”), to receive similar information on possible out-of-state or
77 duplicate registrations. Vice Chair Wheeler asked how often ELECT traded voter
78 information with these programs. Commissioner Piper said that ERIC and Crosscheck
79 provided lists to ELECT annually, but said he would check on this information to be sure
80 this response was accurate.

81 Commissioner Piper stated that once ELECT received a list of voters from these
82 programs, ELECT would send the voter a letter. If the voter responded to the letter, then
83 the general registrar would process the received information appropriately. If the voter did
84 not respond within 30 days, they would be placed into “Inactive” status, and remain that
85 way for two general elections. If the voter did not go to the polls within those two general
86 elections, the voter would be cancelled. Vice Chair Wheeler recalled a recent incident with
87 a voter who claimed they had requested an absentee ballot but never received it. ELECT
88 discovered that the voter had never completed the request for the absentee ballot online.
89 The Vice Chair acknowledged this situation was the fault of the voter but asked for ELECT
90 and the elections community to continue searching for solutions to issues like this.
91 Commissioner Piper assured the Board that ELECT’s working relationship with the DMV
92 would allow them access to additional transaction records for quicker resolution, and that
93 the two agencies were always working to find new ways to improve the system.

94 Vice Chair Wheeler asked for an update with issues VERIS had been having.
95 Commissioner Piper recalled a previous year where the system was unavailable at a critical
96 time because of low capacity. The Commissioner informed the Board that ELECT
97 reconfigured parts of the system to prevent a similar situation from happening in the future.
98 The Commissioner said that when the system went down, ELECT was averaging 150 hits
99 per second on their citizen portal; the system was unable to handle this load and
100 subsequently failed. Commissioner Piper said after doing a recent load test, the system
101 was able to handle 1,600 users per second. The Commissioner assured the Board that
102 VERIS was stronger and more secure, and that staff was prepared for the upcoming voter
103 registration deadline.

104 Secretary McAllister asked if ELECT and/or the localities needed any additional
105 support or resources. Commissioner Piper responded that while more money, staff, and
106 resources would always be helpful, locality staff and ELECT staff were working
107 exceptionally hard to be prepared for the election. The Commissioner said that
108 communication was greatly improved, and that coordination between different agencies
109 had been efficient and effective.

110 The next order of business was to approve the minutes from the September 20, 2018
111 meeting. Secretary McAllister moved *the Board approve the September 20, 2018 minutes*.
112 Vice Chair Wheeler seconded the motion, and the motion passed unanimously.

113 The next order of business was the ballot order drawing for all general and special
114 elections between November 7 and next May's general election, presented by Matthew
115 Abell, ELECT Election Administrator. Mr. Abell said the Board would be drawing the
116 ballot order specifically for the January 15, 2019 special election in Pulaski County, as well
117 as any subsequent General Assembly specials that may arise from the general election in
118 November. Mr. Abell explained the Board would draw first for the order of recognized
119 political parties: the Democratic and Republican parties. The Board would then draw for
120 unrecognized political parties: the Constitution, Green, Independent Green, Libertarian,
121 and Whig parties. Mr. Abell stated the Whig party was a new non-recognized political
122 party as of the November 2017 election, and that the group had provided the required,
123 substantiation documents. Mr. Abell recommended the Board determine by lot and then

124 certify the ballot order for the general and special elections being held between November
125 7, 2018 and May 7, 2019, including any not yet ordered.

126 The names of the recognized and non-recognized parties were put into identical
127 black film canisters, placed in a glass bowl, mixed, and then drawn one by one by the
128 members of the Board.

129 For the first drawing, Secretary McAllister drew first and drew the Republican
130 party. Vice Chair Wheeler drew second and drew the Democratic party. Therefore, the
131 ballot order would be:

- 132 • Republican
- 133 • Democratic

134 For the second drawing, Vice Chair Wheeler drew the Whig party. Chairman
135 Alcorn drew the Libertarian party. Secretary McAllister drew the Constitution party. Vice
136 Chair Wheeler drew the Independent Green party. Chairman Alcorn drew the Green party.
137 Therefore, the ballot order would be:

- 138 • Whig
- 139 • Libertarian
- 140 • Constitution
- 141 • Independent Green
- 142 • Green

143 Chairman Alcorn moved *the Board certify the determination by lot of the ballot*
144 *order for all general and special elections being held between November 7, 2018, and May*
145 *7, 2019 including any not yet ordered.* Vice Chair Wheeler seconded the motion, and the
146 motion passed unanimously.

147 The next order of business was for the Board to review the proposed amendments
148 to the petition regulations, presented by Samantha Buckley, ELECT Policy Analyst. The
149 proposed amendments were in response to the issues with the petitions submitted by
150 candidates Shaun Brown and Peter Wells. One of the amendments would be to state that
151 if a candidate's address on the petition does not match the candidate's voter registration
152 address at the time of the circulation of the petition, that would be considered a material
153 omission, thereby rendering the petition invalid. The other proposed change was clarifying

154 that a petition signature would not be counted as invalid if the signer failed to provide a
155 year in the “date” section of the petition.

156 The Chairman recommended a non-substantial grammar change. Vice Chair
157 Wheeler thanked Ms. Buckley for the presentation of the documents. Chairman Alcorn
158 asked the regulation changes be posted for public comment, though the Board was exempt
159 from this requirement. The Chairman stated the Board preferred to do public comment
160 when possible, and the Vice Chair agreed. Commissioner Piper suggested the regulation
161 be posted for public comment before being brought back before the Board during the
162 November 19 meeting. Vice Chair Wheeler asked if petition pages could be modified to
163 clarify that the “date” section meant “month, day, year.” Deputy Commissioner Bowman
164 pointed out that the regulation revisions being presented would change the requirement for
165 a petition signer to provide a date at all, so was not sure editing the form would be
166 necessary.

167 The next order of business was a Stand By Your Ad (“SBYA”) hearing, presented
168 by Ms. Schneider. The first and only SBYA complaint was against Sal Romero. Ms.
169 Schneider stated that upon receiving notice of the need for disclosure, Mr. Romero posted
170 public notice in an attempt to inform the public of the mistake, and attempted to amend and
171 remediate the undisclosed signs. Mr. Romero also provided the Board with a letter. Ms.
172 Schneider, after informing Mr. Romero of the need for disclosure, also informed him that
173 the font minimum was 7-point for items like business cards and flyers, but that the
174 requirements for a yard sign was that the disclaimer had to be able to be viewed from a
175 reasonable distance. The letter Mr. Romero provided to the Board also included an
176 apology, explanation, and recollection of his attempts to remedy the situation, qualifying
177 him for the 50% reduction for a first time violation. Ms. Schneider recommended a \$50
178 penalty.

179 Chairman Alcorn asked if the sign in question met the definition of express
180 advocacy. Ms. Schneider said that it did, as it read “Sal Romero for City Council,” with
181 “for City Council,” in Spanish; the use of the “magic words” meant the advertisement met
182 the definition of express advocacy. Vice Chair Wheeler asked how long the signs were up
183 before the apology was sent and the signs were corrected and properly disclosed. Ms.
184 Schneider said it was an unknown number of weeks. Vice Chair Wheeler stated that

185 candidates need to know this information; while it was helpful that Mr. Romero apologized
186 and attempted to fix the signs, every candidate should know that a disclosure is necessary.
187 Ms. Schneider stated that an image of only one sign was submitted as evidence in the
188 complaint, but that both the complainant and Mr. Romero disclosed that there were 50
189 signs distributed without the proper disclosure. Ms. Schneider said that it was within the
190 Board's jurisdiction to assess a higher penalty, as each of the 50 signs could constitute a
191 violation. Ms. Schneider reminded the Board of a previous SBYA hearing, against Ned
192 Gallaway, where 40 signs were circulated without disclosure, resulting in a \$800 penalty.

193 Chairman Alcorn moved, *subject to the Board's authority under the Code of*
194 *Virginia §24.2-955.3, to find Sal Romero for City Council in violation of §24.2-956 Stand*
195 *By Your Ad print media disclosure requirements with regard to a print media*
196 *advertisement, and assess a \$50 penalty.* Vice Chair Wheeler seconded the motion, and
197 the motion passed unanimously. Ms. Schneider noted the other SBYA hearing listed in the
198 working papers, against Paloma Saucedo de la Pena, was postponed, as the notice sent to
199 the candidate was returned undelivered. Upon proper notice, Ms. De Saucedo's hearing
200 would be during the November 19 Board meeting.

201 The next order of business was to review the date for the public hearing for the
202 status of the express advocacy regulation. Chairman Alcorn noted Commissioner Piper
203 had already reviewed the status of the regulation during the Commissioner's report. Ms.
204 Schneider suggested the public hearing on the regulation be held during the November 19
205 Board meeting, to give the proper amount of time for the regulation to receive public
206 comment.

207 The next order of business was for the Board to have a closed session. This item
208 was struck from the docket, and the Board did not have a closed session.

209 Vice Chair Wheeler asked about if and when the Board would address and review
210 the GREB Workgroup's annual report. Chairman Alcorn recalled that the Board had
211 already reviewed the Workgroup's report. The Chairman stated the Board discussed the
212 report, and Commissioner Piper provided the Workgroup with the Board's responses; if
213 the Workgroup was looking for additional feedback, they should contact the Chairman
214 directly. Vice Chair Wheeler addressed security at the polling places on Election Day, and
215 urged election officials to be in contact with local law enforcement and security in the event

216 there was a disturbance at any polling place. Commissioner Piper stated that on October
217 16, 2018, ELECT would host a Continuity of Operations (“COOP”) meeting with major
218 partners including: the Sheriff’s Office Association, State Police, and Capitol Police. The
219 meeting would involve discussing communication. Commissioner Piper informed the
220 Board that ELECT had the ability to text regions, or the entire state, about issues that may
221 arise on Election Day. The Commissioner also stated that the Fusion Center, Federal
222 Bureau of Investigation, and Department of Homeland Security would be reviewing social
223 media and communicating via chat to share information.

224 Chairman Alcorn then moved to adjourn the meeting. Vice Chair Wheeler
225 seconded the motion, and the motion passed unanimously. The meeting was adjourned at
226 approximately 12:59 PM. The next Board meeting will be on November 6, 2018, during
227 the November General Election.

Election Administrator

Memorandum

To: Chairman Alcorn, Vice Chair Wheeler, and Secretary McAllister
From: Matthew Abell, Elections Administrator
Date: November 19, 2018
Re: **Certification of Results for the November 6, 2018 General and Special Elections**

Suggested Motion For A Board Member To Make:

“After reviewing the abstracts of votes cast in the November 6, 2018 General and Special Elections, I move that the Board certify the results as presented and sign the certificates of election.”

Applicable Code Sections:

- Va. Code § 24.2-679.A. “The State Board shall meet on the third Monday in November to ascertain the results of the November election... The Board shall... make statements of the whole number of votes given... The Board members shall certify the statements to be correct and sign the statements. The Board shall then determine those persons who received the greatest number of votes and have been duly elected to each office. The Board members shall endorse and subscribe on such statements a certificate of their determination.”
- Va. Code § 24.2-680 “Subject to the requirements of § 24.2-948.2, the State Board shall without delay complete and transmit to each of the persons declared to be elected a certificate of his election, certified by it under its seal of office. In the election of a member of the United States Congress, it shall also forward a certificate of election to the clerk of the United States Senate or House of Representatives, as appropriate. The names of members elected to the General Assembly shall be certified by the State Board to the clerk of the House of Delegates or Senate, as appropriate.”

Attachments:

Abstracts of Votes and winner Certificates of Election for the November 6, 2018 races that must be certified by the Board:

- US Senator for Virginia
- 11 Members of the US House of Representatives for Virginia’s 11 House Districts
- Delegate for the Virginia House of Delegates 8th District (Special Election)

Background:

- Upon completion of the election, local general registrars (GRs) entered all relevant election data into the Virginia Election and Registration System (VERIS).
- In accordance with Va. Code § 24.2-671, within seven days after the election, local electoral boards conducted provisional ballot meetings and canvasses to ascertain and certify election results for their localities.
- Upon completion of canvass the GRs forwarded their localities' certified Abstracts of Votes (Abstracts) and, when applicable, Write-Ins Certifications, to the Department of Elections (ELECT).
- Upon receipt of the localities Abstracts and Write-Ins Certifications, ELECT's Elections Administration team checked them for errors and accepted the ascertained results as presented.

ELECT Staff Recommendation:

ELECT staff recommends that the Board certify the results as presented and sign the certificates of election.

Substantial Compliance: An advertisement is only substantially compliant if the words used in the disclosure *unambiguously* convey the information required by Chapter 9.5. Under this standard, advertisement disclaimers must communicate to a reasonable person what is intended and may not admit to alternative interpretations.

As documented in the Substantial Compliance Memo, on November 16, 2016 the SBE ruled for the first time on substantial compliance. An advertisement bearing the disclosure legend "Sponsored by [Name of committee]" rather than the approved "Paid for" or "Authorized by" conveyed the information required by § 24.2-956 and was therefore in substantial compliance.

Schedule of Penalties *candidates for General Assembly or local candidates*

Section 15.3 - Penalties for Candidates for General Assembly or Local Office

The following penalties will apply only to General Assembly or local candidates and/or their campaign committees which sponsor political advertisements.

Print Media

Violators shall be assessed a penalty as follows:

- \$50 for a first time violation with explanation, apology and/or remedial measures taken
- \$100 for a first time violation without explanation, apology and/or remedial measures taken
- \$250 for any second violation
- \$500 for any third violation
- \$1000 for any fourth or subsequent violation

If the advertisement is disseminated or on display in the 14 days prior to or on the Election Day for which the advertisement pertains, the above penalties will be doubled and the maximum penalty would be \$2,500.

Hey BARBARA COMSTOCK your President and your Republican friends think that Northern Virginians belong to the Angry Mob.

Aren't we entitled to be angry because:

- The mass shootings at Las Vegas and Parkland resulted in no national change to gun laws.
<https://dumpcomstock.com/comstock-is-crazy-in-love-with-the-nra/>
- This President constantly reminds his followers that a free press is the "enemy of the people." Are we not surprised then with the actions of the person sending bombs to CNN this past week?
>>> **NBC's Katy Tur confronts Trump: Do You Have to Put Our Lives in Danger?** <<<
- From day 1 this President has tried to divide our country along ethnic, religious and racial lines. Who can forget Charlottesville, with the chants of "Jews will not replace us" and the President's failure to condemn the white supremacists and racists, and his comment that both sides were to blame?
10/27/18: Pittsburgh synagogue shooting leaves multiple people dead and wounded. The suspect spoke multiple times about wanting or needing to kill Jews, police dispatchers said on the radio.
- Barbara and her Republican friends pass a Tax Bill that enriches Trump and the super wealthy while slashing the State and Local Tax deduction that means higher taxes for most Northern Virginians.
Northern Virginia has "a higher percentage of residents who claim the state and local tax deduction than anywhere else in the nation" but Barbara voted for this Tax Bill anyway.
- Speaking of the Tax Bill, how can it be that during the economic boom we are experiencing, the budget deficit is already ballooning and is expected to hit \$1 TRILLION next year? Why are the Republicans doing this to our children and the poor? They will pay dearly for this fiscal recklessness!!
"The US government's budget deficit is about to explode – and the Trump tax cuts and spending increases are to blame" – Associated Press

- With no regard for the future of our planet, Trump pulls the U.S. out of the Paris Climate Accord. Have you noticed the frequency and severity of the hurricanes and other natural disasters the last 2 years – not just in the U.S. but worldwide? **Mother Nature appears to part of the Angry Mob too!!**
- This President constantly stokes resentment by claiming we get taken advantage of by everyone in trade. Remember his inauguration address and his claim of AMERICAN CARNAGE? So he imposes tariffs on the whole world – friend & foe alike – and the stock market this month is sending a huge **WARNING!!** It takes a 'unique' kind of genius to make so many people in the greatest country in the world feel like victims – but for what ultimate purpose?
- Trump refuses to believe his own intelligence agencies, and instead trusts Putin regarding Russian meddling in the 2016 election. Who can forget Trump's disgusting performance at Helsinki?

Hey, President Trump, it's not 'angry mobs,' it's 'angry moms'

- Education – we want accredited schools and sufficient capacity
- Affordable housing – we want to reverse the 90% decline in affordable housing stock
- Development – we want sustainable and appropriate development
- Transparency – Potomac yards is but one example of unacceptable governance
- Traffic congestion and cut-through addressed

City council isn't a hobby anymore. We need full-time executive oversight, innovative solutions, and a fresh perspective.

CURRENT WORK

Helped obtain NVTA funding for VRE to conduct a study on the demand and garage design to expand parking for its Manassas Park commuter rail station. Six sites are being considered for the parking expansion, which would add about 500 spaces to the existing 616 at the station.

Supported the School Division's FY2016 Budget which funded new positions for Guidance Counselor and an expansion of the tablet program for students. In 2016, all schools in the Manassas Park School Division earned full accreditation. Manassas Park is only one of three school divisions that are fully accredited in Northern Virginia.

"Konichiwa, ogenki desu ka?" The phrase is because I am part Japanese. My grandfather served in the Army and met my grandmother in Japan during WW II. They moved to the United States and soon after my grandfather passed away. With limited English and having four children to take care of, my grandmother moved the family to Oahu, Hawaii where there were a significant population of Japanese Americans. This is where my family grew and I grew up as child. My grandmother along with my parents instilled in me a hard work ethic, appreciation for life, and an enduring love for this country – **"America is a country where great things are possible, more than anywhere in the world."**

Why I'm Running

In the next few years we face an important choice: Manassas Park can go forward or we can go back. I stand for forward.

"Forward" means a city government as innovative as the leading businesses and organizations today. City government should think digital dramatically more than we do now to save money, save time, and improve services for citizens. There's no reason why using government services online shouldn't be as easy and intuitive as social media, online banking, or online retail.

"Forward" means our community staying safe and preserving the sense of community which is unique in Northern Virginia.

"Forward" means smart economic policies to bring businesses, provide for local jobs, and the growth of a business tax base that can fund better city services. How do you compete for businesses in a competitive environment like Northern Virginia? The answer is simple: You have to be better at something than others. So, localities now have to address a basic question, one that businesses must answer daily. That question is what is our unique value proposition? The answer is: "we are a safe and livable city that is focused on the wellness of our citizens - families, individuals, and children. Close proximity to D.C. and transportation options of Rt. 66 and the VRE. And we have a great community." With policies to support our community along with tax incentives for businesses and marketing, we can bring businesses.

"Forward" also means improving transportation on Rt. 28 and working for a parking garage at the Manassas Park VRE station.

"Forward" means continuing to improve our schools.

"Forward" means engaging with our neighborhoods in new ways - ensuring that every voice is heard, informing citizens, and leveraging the good ideas and energy of our community members.

"Forward" means being fiscally responsible so that we can deliver quality services that our residents deserve, preventing wasteful spending, and particularly reducing the water and sewer rates.

I know Manassas Park can go forward - making us safer, supporting our local economy, and making all of us as proud of our city.

Manassas Park is a great city - whose best days is ahead. Manassas Park can also provide the best city government, the most innovative policies, and the very best quality of life for our residents.

Please join me - so we can keep Manassas Park moving forward.

Lower Water & Sewer Rates

Lower the water & sewer rates which is a financial burden on every resident in Manassas Park.

[Here is my detailed plan to reduce water & sewer rates:](#)

Lower the water loss rate

Re-negotiate and focus on our water purchase agreements

Regional solution of joining the water systems of neighboring jurisdictions

Improve Rt. 28 & Get a Parking Garage at the Manassas Park VRE Station

Currently I'm working with VDOT to improve Rt.28 in order to reduce traffic. Evaluation of solutions and construction bidding is expected in 2015.

I supported a proposal for a parking garage at the Manassas Park VRE station to be funded by Northern Virginia Transportation Authority (NVTA). The NVTA will vote for the parking garage in Dec. 2014.

Focus on Education

Ensure that education funding is not cut and students have a low class size and resources they need to succeed in school and beyond.

Improve our Local Economy

Bring businesses to Manassas Park to fill vacant spaces and support the retention of businesses that are here.

Voting Record and Accomplishments

- Reduced the real estate property tax rate from \$1.65 to \$1.55 per \$100 of assessed value
- Voted against the water & sewer rate increase (I was the only vote against the increase, click [here](#))
- Voted to raise teacher's salaries
- Voted to hire 12 new teachers and 2 new instructional assistants starting the 2014-15 school year
- Created and supported tax incentives for new businesses- SSI (govt contractor) and EMSI (engineering firm) will be moving their offices to the City
- Greater Fiscal Responsibility - The City had it's first budget surplus since 2010 due to improving budget practices and reducing unnecessary government spending
- Supported getting short term improvements to reduce traffic on Rt. 28 and working for long term larger improvements to be included as a priority
- Supported the proposal for a parking garage at the Manassas Park VRE Station to be decided by the Northern Virginia Transportation Authority in Dec. 2014

CITY OF MANASSAS PARK DEBT PAYMENTS

The City faces challenges due to the high debt burden of \$128 Million total debt incurred in previous decades. While I am not the cause of the high debt, I am responsible for fixing it and setting the City on a better path forward. The next four years the City will face the highest debt payments. Here are the steps I support to deal with this:

- improve the City's financial management practices
- improve the collection of delinquent and uncollected tax revenue
- fiscal conservative budgeting
- economic development
- create a debt reserve fund

LOWER WATER & SEWER RATES

- The City does not have the economies of scale that larger water systems and private companies have to make system repairs and replacements.
- My solution is to continue to pursue selling our water system that will provide benefits to all residents in lower rates, needed repairs and good customer service.

FOCUS ON EDUCATION

- Ensure that education funding is not cut and students have the resources they need to succeed in school and beyond.

IMPROVE OUR LOCAL ECONOMY

- Bring businesses to Manassas Park and support the retention of businesses that are here.

RT. 28 & MANASSAS PARK VRE STATION PARKING GARAGE

- I worked to get improvements for Rt. 28. As a result Rt. 28 between Manassas and I-66 received \$108.5 Million in funding from NVTA. The improvements include a bypass to extend Godwin Dr. to cross over Bull Run on a new bridge and rejoin Rt. 28 at the Fairfax County line, which is being reviewed in a federally required Environmental Impact Study. And additional lanes on Rt. 28 from U.S. 29 in Fairfax County to Prince William County.
- I worked to get state funding for the parking garage at the Manassas Park VRE station which we received. Next, I will review and approve the legal agreements and final design on terms that are in the best interests of the City.

I would be honored to have your vote on Nov. 6th.

Re: Respondent Mr Thomas Dunn

Dear Arielle A. Schneider and Board Members

This letter is in response to the notice of hearing I received from Ms. Schneider dated 11/6/2018. It is my understanding there is a complaint against me, Tom Dunn, about a possible violation of the Stand By Your Ad law as described in the Code of Virginia Chapter 9.5 of Title 24.2. It is also my understanding that the complaint was submitted by Judy Brown [General Registrar](#) based on her own observations.

[My yard sign was purchased with 3 identical yard signs in 2008. According to § 24.2-955.1, Definitions, "Yard signs paid for or distributed prior to July 1, 2015, shall not be subject to the provisions of §§ 24.2-956 and 24.2-956.1". I have included, for your review, my 2008 Campaign Finance report showing an expenditure with Sign A Rama of over \\$440, which is for the yard sign subject to this complaint. In addition, I am attaching artwork/invoice and an email from Sign A Rama showing the date in 2008. I have also included photos of the back of the yard sign showing that I disclosed my ownership along with a sticker showing the printer being Sign A Rama. Finally, I have included emails exchanged with Ms Brown stating my efforts and her acknowledgement that I made changes to the yard sign right away.](#)

[While the one sign in question was not in violation of the SBYA law due to purchase date I have added the Paid For... disclosure in order to avoid any future confusion. I have never had a Paid for disclosure issue in the other 5 elections and one ballot referendum I have been involved. When I was informed by MsMs. Brown on October 23 at 8:30 am by email that my yard sign was out of compliance I was completely surprised because I had used this yard sign since 2008 with no issues. I informed MsMs. Brown by email that I would make any changes to the yard sign right away, and I did so within 20 minutes. The yard sign was placed on October 21 or 22 and reported to me on October 23. I wrote to MsMs. Brown to confirm compliance but did not hear back until November 9th, 2018 after I received the SBE letter. I figured the matter had been settled.](#)

[My yard sign was purchased with 3 identical yard signs in 2008. According to § 24.2-955.1, Definitions, "Yard signs paid for or distributed prior to July 1, 2015, shall not be subject to the provisions of §§ 24.2-956 and 24.2-956.1".](#)

I added the "Paid for.." disclosure to the front of the one yard sign in question within minutes of notification from Ms. Brown and later to the other 3 identical yard signs before they were posted publicly a week later. The yard sign was placed prior to 14 days of the election. The yard sign was purchased prior to 2015. This has never happened to me nor my campaigns before.

Therefore, ~~as respondent,~~ I ask the honorable members of the State Board of Elections to find me, Mr. Thomas Dunn, not in violation of any disclosure requirements and I request the Board not levy any fines to my campaign.

—Mr Dunn

~~Our campaign added has added the "Paid for.." disclosure to the one yard sign in question and the other 3 identical yard signs within minutes of notification from Ms. Brown. The yard sign was placed prior to 14 days of the election. The yard sign was purchased prior to 2015. —Mr Dunn regrets any inconvenience this may have caused the local or state Boards.~~

Thank you

15. Victoria Manning for Virginia Beach School Board

Vicky Manning

7 hrs · 🧑

Friends: I NEED HELP on the School Board and need to get like-minded candidates elected to help me.

Can you contribute \$25 or more to help? Can you volunteer at the polls on election day?

Checks can be made payable to Carolyn Weems for School Board and sent to my address (text me on my cell or this number 330-0432 if you do not have my new address, or send me a private message).

This November election is crucial to me. For the last 2 years I have been fighting for issues important to teachers, parents and students. I am in the minority viewpoint on the Board and cannot make any changes without help. Here are a few items my colleagues on the Board approved in the last 2 years (of which my colleague [Carolyn Weems](#) and I disagreed):

1. The removal of Valedictorian/Salutatorian.
2. Telling teachers they cannot give zeros and in some cases a minimum grade of 50 is given even if work not completed
3. Wrong spending priorities: For Ex) Superintendent hired a friend as a sole source contractor/consultant and paid her \$43,000 for 15 days of work to give tips to teachers (and many other sole source contracts given that I have questioned). The Board paid a facilitator \$3000/day to facilitate our School Board retreat--I objected. Overspending on school construction is also a problem.
4. Board voted to limit the ability of Board Members (me) to seek legal opinions without approval from the whole Board.
5. School Board Chair rewrote my online Bio because she disapproved of what it said. Chair often speaks "on behalf of the Board" without authority to do so. Even the Pilot editorial board took my side on this issue!
https://pilotonline.com/.../article_6b8b30cf-301b-5f8e-8f84-d...
6. School Board voted to raise taxes to implement full day kindergarten but then used a large portion of the tax increase for other things.
7. Voted against requiring transparency in fundraising. 60% of cash donated is being given to a 3rd party company and only 40% staying at the schools.

November 12, 2018

Commissioner Piper and Deputy Commissioner Bowman,

I am in receipt of a letter from Arielle Schneider dated November 6, 2018 regarding a complaint against me made by Lucas Anderton. His accusation is that I solicited contributions for "Carolyn Weems PAC to be distributed amongst candidates whom they both support". The letter further states that I may be in possible violation of Virginia's Stand by Your Ad law.

I have again reviewed Code of Virginia Chapter 9.5 of Title 24.2. After a close review of the Code and Anderton's complaint, I deny violating any part of the Code. The accusation that was made states that I was seeking contributions for "Carolyn Weems PAC". First, I am not aware that Carolyn Weems has a PAC. She has a candidate committee and was a candidate in the recent election on November 6, 2018. Furthermore, I did not make an advertisement nor did I incur any expenditures for my Facebook post. Lastly, I did not seek contributions "to be distributed amongst candidates". Based on the Virginia's Stand by Your Ad law, I would not have been required to make a disclosure statement because I did not have an advertisement nor did I have an expenditure. I was simply asking friends to contribute to the campaign of a candidate for election.

I am sorry that I am not able to attend the meeting on November 19th in person. I did not receive the certified letter until November 10, 2018 and I have commitments on November 19th that cannot be changed.

Thank you for your service to our Commonwealth.

Respectfully,

Victoria Manning
