PUBLIC COMMENT

- David Rudman spoke regarding an override of denial of licensure and his created curriculum.
- Jason Schiller spoke in support of in-service training of school nurse on PANS/PANDAS.
- Samantha Schiller spoke in support of in-service training of school nurse on PANS/PANDAS.
- Eric Terry spoke regarding the First and Final Review of Programmatic Accreditation Guidelines for Career and Technical Education.
- Colleen Eddy spoke regarding Item I: First Review of Updated Virginia Literacy Act Core Instructional Program Guide.

DISCUSSION OF CURRENT ISSUES

Dr. Coons gave an update on the Chronic Absenteeism Task Force. She noted that they have met twice, once to discuss transportation and the other to discuss parent engagement. The task force has requested that the meetings be recorded and discussion guides created so school divisions can use them and replicate their own conversations. Dr. Coons also noted that there was a Virginia Association of School Superintendents presentation session about what it means to be a Literacy Superintendent and what resources are provided to school divisions, giving some examples of activities school divisions are providing to support the ALL In Program.

Mr. Sturdifen requested that information regarding the PANS/PANDAS (highlighted during public comment) be distributed to school divisions so nurses are aware of this disease.

Dr. Northern encouraged the Board members to review the School District Funding Report. Dr. Northern also highlighted dual enrollment programs and the need to continue monitoring the rigor of those courses.

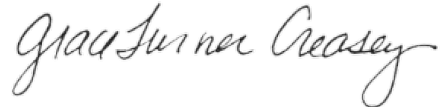

Mr. Rotherham and Ms. Holton noted objections to having the public comment portion at the end of the meeting and the need to give constituents the opportunity to speak about issues before they are voted on during meetings.

After discussion, the Board agreed that only public comments pertaining to action items will be accepted for the December special meeting.

Ms. Holton requested an update in the backlog of teacher licensure and the automation of the licensure system. Dr. Coons indicated that the automated system is anticipated to be released in the next few days, as long as the system security meets the security expectations of the VDOE.

ADJOURNMENT

Mrs. Creasey adjourned the meeting at 5:15 p.m.
