18VAC10-20-420. Requirements for licensure.

Applicants for licensure as a landscape architect shall satisfy the requirements of subdivision 1 or 2 of this section.

1. An applicant who has graduated from a landscape architecture program accredited by the Landscape Architectural Accreditation Board (LAAB) shall have:
 - a. Obtained a minimum of 36 months of experience as follows:
 - (1) A minimum of 12 months of experience under the direct control and personal supervision of a licensed or certified landscape architect;
 - (2) The remaining 24 months of experience under the direct control and personal supervision of a licensed or certified landscape architect or a licensed architect, professional engineer, or land surveyor in accordance with the Landscape Architects Experience Credit Table; or
 - (3) In lieu of the provision in subdivisions 1 a (1) and 1 a (2) of this section, a minimum of 48 months of experience under the direct control and

personal supervision of a licensed architect, professional engineer, or land surveyor; and

- b. Passed all sections of the Council of Landscape Architectural Registration Board (CLARB)-prepared exam.
2. Applicants who have not graduated from a LAAB-accredited landscape architecture program shall have obtained a minimum of eight years of combined education and work experience in accordance with this subsection.
- a. Only semester and quarter hours with passing scores shall be accepted. Credit shall be calculated as follows:
 - (1) 32 semester credit hours or 48 quarter credit hours shall be worth one year.
 - (2) Fractions greater than or equal to one half-year, but less than one year, will be counted as one-half year.
 - (3) Fractions smaller than one half-year will not be counted.
 - b. The maximum years indicated in subdivisions a through d of the Landscape Architects Education Credit Table shall apply regardless of the length of the degree program.
 - c. All applicants shall have a minimum of two years of experience under the direct control and personal supervision of a licensed or certified landscape architect.
 - d. Education and experience shall be evaluated against the Landscape Architects Education Credit Table and the Landscape Architects Experience Credit Table to determine if an applicant has met the minimum eight years required in this subsection.

<p>(2) A degree in landscape architecture, or credits completed applicable toward a degree in landscape architecture, from a non-LAAB-accredited program.</p>		<p>An applicant has 101 semester hours of credit.</p> <p>Calculation:</p> <ul style="list-style-type: none"> ◆ $101/32 = 3.15625$ years ◆ 75% credit for the first two years ($2 \times 75\% = 1.5$ years). ◆ 100% credit for succeeding years ($1.15625 \times 100\% = 1.15625$ years). ◆ $1.5 + 1.15625 = 2.65625$ years. ◆ 0.65625 is ≥ 0.5 years, which is worth 0.5 years. <p>Final result: 101 semester hours equals 2.5 years.</p>
<p>(3) A degree, or credits completed applicable toward a degree, in an allied professional discipline approved by the board (i.e., architecture, civil engineering, environmental science).</p>	<p>Credit shall be given at the rate of 75% for the first two years and 100% for succeeding years with a maximum of three years allowable.</p>	<p>An applicant has 95 semester hours of credit.</p> <p>Calculation:</p> <ul style="list-style-type: none"> ◆ $95/32 = 2.96875$ years ◆ 50% credit for the first two years ($2 \times 50\% = 1$ year). ◆ 75% credit for succeeding years ($.96875 \times 75\% = .72656$ years). ◆ $1 + .72656 = 1.72656$ years. ◆ 0.72656 is ≥ 0.5 years, which is worth 0.5 years. <p>Final result: 95 semester hours equals 1.5 years.</p>
<p>(4) Any other undergraduate degree or credits completed applicable toward that degree.</p>	<p>Credit shall be given at the rate of 50% for the first two years and 75% for succeeding years with a maximum of two years allowable.</p>	<p>An applicant has 101 semester hours of credit.</p> <p>Calculation:</p> <ul style="list-style-type: none"> ◆ $101/32 = 3.15625$ years ◆ 50% credit for the first two years ($2 \times 50\% = 1$ year). ◆ 75% credit for succeeding years ($1.15625 \times 75\% = 0.8671875$ years). ◆ $1 + 0.8671875 = 1.8671875$ years. ◆ 0.8671875 is ≥ 0.5 years, which is worth 0.5 years. <p>Final result: 101 semester hours equals 1.5 years.</p>

LANDSCAPE ARCHITECTS EXPERIENCE CREDIT TABLE

Categories	Values	Examples
(5) Experience gained under the direct control and personal supervision of a licensed or certified landscape architect.	Credit shall be given at the rate of 100% of work experience gained with no maximum.	An applicant worked under a landscape architect for 3.7 years. Calculation: 3.7 years x 100% = 3.7 years (no maximum). Final result: An applicant with 3.7 years of work experience will be credited for the entire 3.7 years.
(6) Experience gained under the direct control and personal supervision of a licensed architect, professional engineer, or land surveyor.	Credit shall be given at the rate of 50% of work experience gained with a maximum of four years allowable.	An applicant has worked under a land surveyor for eight years or more. Calculation: 8 years x 50% = 4 years. Final result: eight years or more of experience is worth only four years based on the maximum allowable.

18VAC10-20-440. Examination.

- A. Applicants with a LAAB-accredited degree may be approved to sit for the exam prior to completing the 36-month experience requirement contained in subdivision 1 a of 18VAC10-20-420.
- B. The Virginia board is a member of the Council of Landscape Architectural Registration Boards (CLARB) and is authorized to make available the CLARB prepared exams. All applicants for original licensure in Virginia are required to pass the CLARB-prepared exam.
- C. Applicants approved to sit for the exam shall register and submit the required exam fee to be received in the board office, or by the board's designee. Applicants not properly registered will not be allowed to sit for the exam.
- D. Grading of the exam shall be in accordance with the national grading procedures administered by CLARB. The board shall utilize the scoring procedures recommended by CLARB.
- E. Applicants shall be advised only of their passing or failing score and the CLARB minimum passing score.
- F. The board may approve transfer credits for parts of the exam taken and passed in accordance with national standards.
- G. Applicants approved to sit for the exam shall be eligible for a period of three years from the date of their initial approval. Applicants who do not pass all sections of the exam during their eligibility period are no longer eligible to sit for the exam. To become exam-eligible again, applicants shall reapply to the board as follows:
 - 1. Applicants who have taken at least one section of the exam and who reapply to the board no later than six months after the end of their eligibility may be approved to sit for the exam for an additional three years. The original application requirements shall apply.
 - 2. Applicants who do not meet the criteria of subdivision 1 of this subsection shall

reapply to the board and meet all entry requirements current at the time of reapplication.

Article 2.

Interior Designers.

Article 1.

Architects, Engineers, Surveyors and Landscape Architects.

§ 54.1-400. Definitions.

As used in this chapter unless the context requires a different meaning:

"Architect" means a person who, by reason of his [in depth](#) knowledge of the mathematical and physical sciences, and the principles of architecture and architectural design, acquired by professional education, practical experience, or both, is qualified to engage in the practice of architecture and whose competence has been attested by the Board through licensure as an architect. [SEE ENGINEERING for duplication.](#)

The "practice of architecture" means any service wherein the principles and methods of architecture are applied, such as consultation, investigation, evaluation, planning and design, ~~and includes the responsible administration of construction contracts,~~ in connection with any private or public buildings, structures or projects, or the related equipment or accessories.

"Board" means the Board for Architects, Professional Engineers, Land Surveyors, Certified Interior Designers and Landscape Architects.

"Certified interior designer" means a design professional who meets the criteria of education, experience, and testing in the rendering of interior design services established by the Board through certification as an interior designer.

"Improvements to real property" means any valuable addition or amelioration made to land and generally whatever is erected on or affixed to land which is intended to enhance its value, beauty or utility, or adapt it to new or further purposes. Examples of improvements to real property include, but are not limited to, structures, buildings, machinery, equipment, electrical systems, mechanical systems, roads, ~~and~~ water and wastewater treatment and distribution systems, [and stormwater improvement projects.](#) [PARKING LOT should this include more for CIDs?](#)

"Interior design" by a certified interior designer means any service rendered wherein the principles and methodology of interior design are applied in connection with the identification, research, and creative solution of problems pertaining to the function and quality of the interior environment. Such services relative to interior spaces shall include the preparation of documents for nonload-bearing interior construction, furnishings, fixtures, and equipment in order to enhance and protect the health, safety, and welfare of the public.

"Land surveyor" means a person who, by reason of his [in depth](#) knowledge of the several sciences and of the principles of land surveying, and of the planning and design of land developments acquired by practical experience and formal education, is qualified to engage in the practice of land surveying, and whose competence has been attested by the Board through licensure as a land surveyor.

The "practice of land surveying" includes surveying of areas for a determination or correction, a description, the establishment or reestablishment of internal and external land boundaries, or the determination of topography, contours or location of physical improvements, and also includes the planning of land and subdivisions thereof. The term "planning of land and subdivisions thereof" shall include, but not be limited to, the preparation of incidental plans and profiles for roads, streets and sidewalks, grading, drainage on the surface, culverts and erosion control measures, with reference to

existing state or local standards.

"Landscape architect" means a person who, by reason of his [special-in depth](#) knowledge of natural, physical and mathematical sciences, and the principles and methodology of landscape architecture and landscape architectural design acquired by professional education, practical experience, or both, is qualified to engage in the practice of landscape architecture and whose competence has been attested by the Board through licensure as a landscape architect.

The "practice of landscape architecture" by a licensed landscape architect means any service wherein the principles and methodology of landscape architecture are applied in consultation, evaluation, planning (including the preparation and filing of sketches, drawings, plans and specifications) and responsible

DRAFT AGENDA

Materials contained in this agenda are proposed topics for discussion
And are not to be construed as regulation or official board position

supervision or administration of contracts relative to projects principally directed at the functional and aesthetic use of land.

"Professional engineer" means a person who, ~~is qualified to practice engineering~~ by reason of his ~~special in depth~~ knowledge and use of mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design acquired by engineering education and experience, and whose competence has been attested by the Board through licensure as a professional engineer.

The "practice of engineering" means any service wherein the principles and methods of engineering are applied to, but are not necessarily limited to, the following areas: consultation, investigation, evaluation, planning and design of public or private utilities, structures, machines, equipment, processes, ~~and transportation systems and work systems, including responsible administration of construction contracts.~~

~~The term "practice of engineering" shall not include the service or maintenance of existing electrical or mechanical systems.~~

"Residential wastewater" means sewage (i) generated by residential or accessory uses, not containing storm water or industrial influent, and having no other toxic, or hazardous constituents not routinely found in residential wastewater flows, or (ii) as certified by a professional engineer.

"Responsible charge" means the direct control and ~~personal~~ supervision of the practice of architecture, professional engineering, landscape architecture, or land surveying. ~~PARKING LOT – add interior designers?~~

§ 54.1-401. Exemptions.

The following shall be exempted from the provisions of this chapter:

1. Practice of professional engineering ~~and land surveying~~ by a licensed architect when such practice is incidental to ~~what may be properly considered~~ an architectural ~~undertaking project.~~
2. Practice of architecture ~~and land surveying~~ by a licensed professional engineer when such practice is incidental to an engineering project.
- ~~2.~~
3. ~~Practice as a professional engineer, architect or landscape architect in this Commonwealth by any person not a resident of and having no established place of business in this Commonwealth, or by any person resident in this Commonwealth whose arrival is recent, provided that such person is otherwise qualified for such professional service in another state or country and qualifies in Virginia and files prior to commencement of such practice an application, with the required fee, for licensure as a professional engineer, architect or landscape architect. The exemption shall continue until the Board has had sufficient time to consider the application and grant or deny licensure or certification.~~
4. ~~3.~~ Engaging in the practice of professional engineering as an employee under a licensed professional engineer, engaging in the practice of architecture as an employee under a licensed architect, engaging in the practice of landscape architecture as an employee under a licensed landscape architect, or engaging in the practice of land surveying as an employee under a licensed land surveyor; ~~provided, that such practice shall not include responsible charge of design or supervision.~~
5. ~~4.~~ Practice of professional engineering, architecture, landscape architecture, or land surveying solely as an employee of the United States ~~government~~. However, ~~the an~~ employee ~~of the United States government~~ shall not be exempt from other provisions of this chapter if he furnishes

Any person not licensed pursuant to subsection B of § 54.1-404 or 54.1-406 preparing documentation pursuant to subsection C of § 54.1-402 shall note the following on such documentation: "Any determination of topography or contours, or any depiction of physical improvements, property lines or boundaries is for general information only and shall not be used for the design, modification, or construction of improvements to real property or for flood plain determination."

~~D.C.~~ Terms used in this section, and not otherwise defined in this chapter, shall have the meanings provided in the currently adopted Uniform Statewide Building Code ~~in effect on July 1, 1982~~, including any subsequent amendments.

§ 54.1-402.1. State and local government employees; ~~license exemptions for persons employed prior to March 8, 1992.~~

~~Any person engaged in the practice of engineering, architecture, or land surveying as those terms are defined in § 54.1-400 as a regular, full-time, salaried employee of the Commonwealth or any political subdivision of the Commonwealth on March 8, 1992, who remains employed by any state agency or political subdivision shall be exempt until June 30, 2010, from the licensure requirements of § 54.1-406 provided the employee does not furnish advisory service for compensation to the public or as an independent contracting party in this Commonwealth or any political subdivision thereof in connection with engineering, architectural, or land surveying matters.~~

A. The chief administrative officer of any agency of the Commonwealth or political subdivision thereof employing persons engaged in the practice of engineering, architecture, ~~or land surveying~~, or landscape architecture as regular, full-time, salaried employees shall have the authority and responsibility to determine the engineering, architecture, land surveying, and landscape architecture and land surveying positions which have responsible charge of engineering, architectural, land surveying, or landscape architecture decisions, or land surveying decisions.

B. Notwithstanding these provisions, any state agency or political subdivision of the Commonwealth unable to employ a qualified licensed engineer, architect, land surveyor, or landscape architect to fill a responsible charge position, after reasonable and unsuccessful search, may fill the position with an unlicensed person upon the determination by the chief administrative officer of the agency or political subdivision that the person, by virtue of education, experience, and expertise, can perform the work required of the position.
(this was moved from 54.1-406)

§ 54.1-402.2. Cease and desist orders for unlicensed activity; civil penalty.

A. Notwithstanding § 54.1-111, the Board may issue an order requiring any person to cease and desist from (i) practicing or offering to practice as an architect, professional engineer, land surveyor, or landscape architect when such person is not licensed or registered **PARKING LOT** by the Board in accordance with this chapter or (ii) holding himself out as a certified interior designer when such person is not certified or registered by the Board in accordance with this chapter. The order shall be effective upon its entry and shall become final unless such person files an appeal with the Board in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) within 21 days of the date of entry of the order.

B. If the person fails to cease and desist the unlicensed, uncertified, or unregistered activity after entry of an order in accordance with subsection A, the Board may refer the matter for enforcement pursuant to § 54.1-306.

C. Any person engaging in unlicensed, uncertified, or unregistered activity shall be subject to further proceedings before the Board and the Board may impose a civil penalty not to exceed

\$2,500. Any penalties collected under this section shall be paid to the Literary Fund after deduction

§ 54.1-404. Regulations; code of professional practice and conduct.

A. The Board shall promulgate regulations not inconsistent with this chapter governing its own organization, the professional qualifications of applicants, the requirements necessary for passing examinations in whole or in part, the proper conduct of its examinations, the implementation of exemptions from license requirements, and the proper discharge of its duties.

B. The Board may impose different licensure requirements for a limited area of the practice of land surveying for persons who determine topography, contours, or depiction of physical improvements utilizing photogrammetric methods or similar remote sensing technology who are not otherwise exempt pursuant to subsection C of § 54.1-402. Any such requirements shall include reasonable provisions for licensure without examination of persons deemed by the Board to be qualified to practice provide photogrammetric and remote sensing surveying-services.

Any license issued pursuant to this subsection shall be distinctive, reflecting the limited area of the practice of land surveying so authorized, and considered as a land surveyor and the practice of land surveying for the purposes of §§ 13.1-549, 13.1-1111, 54.1-402, 54.1-405, 54.1-406 and 54.1-411. Nothing herein shall be construed to authorize a person issued a limited license pursuant to this subsection to practice beyond such limited area of practice. The establishment of any such limited license shall not prohibit any duly qualified land surveyor licensed pursuant to § 54.1-400 from engaging in any such limited area of practice.

C. The regulations may include a code of professional practice and conduct, the provisions of which shall serve any or all of the following purposes:

1. The protection of the public health, safety and welfare;
2. The maintenance of standards of objectivity, truthfulness and reliability in public statements by professionals;
3. The limitation of practice of professional service shall be limited to the area of competence of each professional.
- 3-4. The avoidance by professionals of conflicts of interests;
- 4-5. The prohibition of solicitation or acceptance of work by professionals on any basis other than their qualifications for the work offered;
- 5-6. The restriction of by the professional in the conduct of his professional activity from engaging in illegal or dishonest activities or association associating with any person engaging in illegal or dishonest activities; or

§ 54.1-408. Practice of land surveying; subdivisions.

In addition to the work defined in § 54.1-400, a land surveyor may, for subdivisions, site plans and plans of development only, prepare plats, plans and profiles for roads, storm drainage systems, sanitary sewer extensions, and water line extensions, and may perform other engineering incidental to such work, but excluding the design of pressure hydraulic, structural, mechanical, and electrical systems. The work included in this section shall involve the use and application of standards prescribed by local or state authorities. The land surveyor shall pass an examination given by the Board in addition to that required for the licensing of land surveyors as defined in § 54.1-400. Any land surveyor previously licensed pursuant to subdivision (3) (b) of former § 54-17.1 may continue to do the work herein described without further examination.

Except as provided, nothing contained herein or in the definition of "practice of land surveying" in § 54.1-400 shall be construed to include engineering design and the preparation of plans and specifications for construction.

§ 54.1-409. Practice of landscape architecture; license required. [Parking lot for LA input](#)

A. ~~Beginning July 1, 2010, a~~ A person who engages in the practice of landscape architecture as defined in § 54.1-400 and who holds himself out as a landscape architect shall hold a valid license prior to engaging in such practice. Resulting site plans, plans of development, preliminary plats, drawings, technical reports, and specifications, submitted under the seal, stamp or certification of a licensed landscape architect, shall be accepted for review by local and state authorities, in connection with both public and private projects. However, no landscape architect, unless he is also licensed as a land surveyor, shall provide boundary surveys, plats or descriptions for any purpose, except in conjunction with or under the supervision of an appropriately licensed professional, who shall provide certification, as required. Landscape architects shall only engage in projects which they are qualified to undertake based on education, training, and examination and in accordance with the practice of landscape architecture as defined in § 54.1-400.

~~Any person who (i) holds a valid certification as a landscape architect issued by the Board on June 30, 2010, and (ii) is a Virginia certified landscape architect in good standing with the Board, shall be licensed to practice landscape architecture as of July 1, 2010.~~

B. Nothing contained herein or in the definition of "practice of landscape architecture" or in the definition of "landscape architect" in § 54.1-400 shall be construed to restrict or otherwise affect the right of any architect, professional engineer, land surveyor, nurseryman, landscape designer, landscape contractor, land planner, community planner, landscape gardener, golf course designer, turf maintenance specialist, irrigation designer, horticulturist, arborist, or any other similar person from engaging in their occupation or the practice of their

profession or from rendering any service in connection therewith that is not otherwise proscribed.

C. Any person, partnership, corporation, or other entity that is not licensed to practice landscape architecture in accordance with the provisions of this chapter and that advertises or promotes through the use of the words "landscape architecture" or any modification or derivation thereof in its name or description of its business activity in a manner that indicates or implies that it practices or offers to practice landscape architecture as defined in this chapter shall be subject to the provisions of § 54.1-111. Nothing contained herein or in the definitions of "landscape architect" or "practice of landscape architecture" in § 54.1-400 shall be construed to restrict or otherwise affect the right of any person undertaking the occupations or professions referred in subsection B of this section to engage in their occupation, or the practice of their profession, or from rendering any service in connection therewith that is not otherwise proscribed.

Any person, partnership, corporation, or other entity offering to practice landscape architecture without being registered or licensed to practice landscape architecture in accordance with the provisions of this chapter, shall be subject to the provisions of § 54.1-

111. Nothing contained herein or in the definitions of "landscape architect" and "practice of landscape architecture" in § 54.1-400 shall be construed to restrict or otherwise affect the right of any person undertaking the occupations or professions referenced in subsection B of this section to engage in their occupation, or the practice of their profession, or from rendering any service in connection therewith that is not otherwise proscribed.

§ 54.1-410. Other building laws not affected; duties of public officials.

A. Nothing contained in this chapter or in the regulations of the Board shall be construed to limit the authority of any public official authorized by law to approve plans, specifications or calculations in connection with improvements to real property. This shall include, but shall not be limited to, the authority of officials of local building departments as defined in § 36-97, to require pursuant to the Uniform Statewide Building Code, state statutes, local ordinances, or code requirements that such work be prepared by a person licensed or certified pursuant to this chapter.

B. Any public body authorized by law to require that plans, specifications or calculations be prepared in connection with improvements to real property shall establish a procedure to ensure that such plans, specifications or calculations be prepared by an architect, professional engineer, land surveyor or landscape architect licensed or authorized pursuant to this chapter in any case in which the exemptions contained in §§ 54.1-401, 54.1-402 or § 54.1-402.1 are not applicable.

Drafting of permits, reviewing of plans or inspection of facilities for compliance with an adopted code or standard by any public body or its designated agent shall not require the services of an architect, professional engineer, land surveyor or landscape architect licensed pursuant to this chapter.

§ 54.1-410.1. Prerequisites for obtaining business license.

Any ~~architect or professional engineer person or business entity regulated by the board~~ applying for or renewing a business license in any locality in accordance with Chapter 37 (§ 58.1-3700 et seq.) of Title 58.1 shall furnish prior to the issuance or renewal of such business license either (i) satisfactory proof that he is duly licensed under the terms of this chapter or (ii) ~~a written statement, supported by an affidavit, that he is not subject to licensure as an architect or professional engineer pursuant to this chapter.~~

No locality shall issue or renew or allow the issuance or renewal of such license unless the ~~architect or professional engineer person or business entity regulated by the board~~ has furnished his license number issued pursuant to this chapter or evidence

of being exempt from the provisions of this chapter.

§ 54.1-411. Organization for practice; registration.

A. Nothing contained in this chapter or in the regulations of the Board shall prohibit the practice of architecture, engineering, land surveying, landscape architecture or the offering of the title of certified interior designer by any corporation, partnership, sole proprietorship, limited liability company, or other entity provided such practice or certification is rendered through its officers, principals or employees who are correspondingly licensed or certified. No individual practicing architecture, engineering, land surveying, landscape architecture, or offering the title of certified interior designer under the provisions of this section shall be relieved of responsibility that may exist for services performed by reason of his employment or other relationship with such entity. No such corporation, partnership, sole proprietorship, limited liability company, or other entity, or any affiliate thereof, shall, on its behalf or on behalf of any such licensee or certificate holder, nor any licensee or certificate holder, be prohibited from (i) purchasing or maintaining insurance against any such liability; (ii) entering into any indemnification agreement with respect to any such liability; (iii) receiving indemnification as a result of any such liability; or (iv) limiting liability through contract.

B. Any person or business entity offering or rendering the practice of architecture, engineering, land surveying, landscape architecture or offering the title of certified interior designer shall register with the Board. ~~Except for professional corporations holding a certificate of authority issued in accordance with § 13.1-549, professional limited liability companies holding a certificate of authority issued in accordance with § 13.1-1111, and sole proprietorships that do not employ other individuals for which licensing is required, any person, corporation, partnership, limited liability company, or other entity offering or rendering the practice of architecture, engineering, land surveying, landscape architecture or offering the title of certified interior designer shall register with the Board.~~ As a condition of registration, the entity shall name at least one licensed architect, professional engineer, land surveyor, landscape architect or certified interior designer for such profession offered or rendered. The person or persons named shall be responsible and have control of the regulated services rendered by the entity. NEED INPUT FROM ELIZ PEAY ABOUT THIS

C. The Board shall adopt regulations governing the registration of persons, corporations, partnerships, limited liability companies, sole proprietors and other entities as required in subsections A and B which:

1. Provide for procedural requirements to obtain and renew registration on a periodic basis;
2. Establish fees for the application and renewal of registration sufficient to cover costs;
3. Assure that regulated services are rendered and controlled by persons authorized to do so; and
4. Ensure that conflicts of interests are disclosed.

**Article 2.
Interior Designers.**

§ 54.1-412. Applicability.

This chapter shall not be construed to restrict or otherwise affect the right of any uncertified interior designer, architect, engineer, or any other person from rendering any of the services which constitute the practice of interior design; however, no person may hold himself out as, or use the title of, "certified interior designer" unless he has been so certified pursuant to the provisions of this chapter.

§ 54.1-413. Examination.

At least once each year the Board shall arrange for the National Council for Interior Design Qualification examination or an equivalent examination approved by the Board to be given to qualified applicants for

certification as interior designers.

§ 54.1-414. Issuance of certification; waiver of examination.

The Board shall issue a certification to practice as a certified interior designer in the Commonwealth to every applicant who shall have complied with the requirements of this chapter and the regulations of the Board. The certificates shall be signed by at least three members of the Board.

The Board shall certify any person who is a graduate of a minimum four-year professional degree program accredited by the Foundation for Interior Design Education Research, an equivalent accrediting organization or a professional program approved by the Board and who has two years of monitored experience in the performance of interior design services and who has taken and passed the examination for certification as a certified interior designer.

The Board, in its discretion, shall determine whether an applicant's professional education and professional experience in the field of interior design are sufficient to establish eligibility for the examination.

The Board, in lieu of all examinations, may accept satisfactory evidence of licensing or certification in another state or country or the District of Columbia where (i) the qualifications for such licensure or certification are equal, in the opinion of the Board, to the qualifications required by the provisions of this chapter as of the date of application and (ii) the applicant is the holder of a license or certificate in good standing. Upon receipt of such satisfactory evidence and provided all other such requirements of this chapter are complied with, a certificate shall be issued to such applicant.

§ 13.1-549. Qualifications of shareholders; special provisions for corporations rendering services of architects, professional engineers, landscape architects and land surveyors, and using the title of certified interior designers.

A. A corporation rendering the services of architects, professional engineers, land surveyors, or landscape architects, or using the title of certified interior designers, or any combination thereof, shall issue not less than two-thirds of its shares to individuals or professional business entities duly licensed to render the services of architect, professional engineer, land surveyor, or landscape architect, or to individuals legally authorized to use the title of certified interior designer, and the remainder of said shares may be issued only to and held by individuals who are employees of the corporation whether or not such employees are licensed to render professional services or authorized to use a title. For a corporation using the title of certified interior designers and providing the services of architects, professional engineers or land surveyors, or any combination thereof, not less than two-thirds of its shares shall be held by individuals or professional business entities who are duly licensed. No other professional corporation, except for a corporation engaged in the practice of accounting as described in § 13.1-549.1, may issue any of its shares to anyone other than an individual or professional business entity who is duly licensed or otherwise legally authorized to render the same specific professional services as those for which the corporation was incorporated, including trustees of an eligible employee stock ownership plan. Notwithstanding the above limitations, a professional corporation may (i) issue its shares to a partnership each of the partners of which is duly licensed or otherwise legally authorized to render the same professional services as those for which the corporation was incorporated or (ii) issue any of its shares to, and have as shareholders, directly or indirectly, whether through shares, fractional shares, or rights or options to purchase shares, the trustees of an eligible employee stock ownership plan.

B. As an additional prerequisite for a corporation engaging in the practice of the professions of architecture, professional engineering, land surveying, or landscape architecture, or using the title of certified interior designer, or any combination thereof, such corporation shall secure a

certificate of authority, which may be renewable and may be either general or limited, from the Board for Architects, Professional Engineers, Land Surveyors, Certified Interior Designers and Landscape Architects. Such certificate of authority shall be issued or renewed by the Board when in its discretion such corporation is in compliance with rules and regulations which shall be promulgated by the said Board consistent with its jurisdiction to provide adequate safeguards for the public's health, welfare and safety. The fees for a certificate of authority as described above shall be the same fees as provided for in Chapter 4 (§ 54.1-400 et seq.) of Title 54.1.

§ 13.1-1111. Qualifications of members and managers; special provisions for limited liability companies rendering service of architects, professional engineers, land surveyors and landscape architects, and using the title of certified interior designers.

Not less than two-thirds of the membership interests of a professional limited liability company rendering the services of architects, professional engineers, land surveyors, or landscape architects, or using the title of certified interior designers, or any combination thereof, shall be held by individuals duly licensed or professional business entities legally authorized to render the services of architects, professional engineers, land surveyors, or landscape architects, or by individuals or professional business entities legally authorized to use the title of certified interior designers, and the remainder of the membership interests may be held only by individuals who are employees of the professional limited liability company whether or not those employees are licensed to render professional services or authorized to use a title. For those professional limited liability companies using the title of certified interior designers and providing the services of architects, professional engineers or land surveyors, or any combination thereof, not less than two-thirds of the membership interests of the professional limited liability company shall be held by individuals who are duly licensed. No other professional limited liability company, except for a professional limited liability company engaged in the practice of accounting as described in § 13.1-1112, may have as a member anyone other than an individual or a professional business entity that is duly licensed or otherwise legally authorized to render the same professional services as those for which the professional limited liability company was organized.

As an additional prerequisite for a professional limited liability company's engaging in the practice of the professions of architecture, professional engineering, land surveying, or landscape architecture, or using the title of certified interior designer, or any combination thereof, that professional limited liability company shall secure a certificate of authority, which may be renewable and may be either general or limited, from the Board for Architects, Professional Engineers, Land Surveyors, Certified Interior Designers and Landscape Architects. The certificate of authority shall be issued or renewed by the Board when in its discretion the professional limited liability company is in compliance with rules and regulations which shall be promulgated by the Board consistent with its jurisdiction to provide adequate safeguards for the public's health, welfare and safety. The fees for a certificate of authority as described above shall be the same fees as provided for in Chapter 4 (§ 54.1-400 et seq.) of Title 54.1.
